

EIGHT PERSONS were killed in Erath, La., when the town water tank collapsed on the city hall during the peak winds of Hurricane Hilda. (AP Wirephoto)

## Louisiana Storm Leaves 35 Dead, Loss In Millions

NEW ORLEANS, La. (AP) — Hilda — never a lady and now no longer a hurricane — spent the weekend in Louisiana, leaving behind death, destruction and misery.

President Johnson quickly declared the region eligible for federal disaster aid.

Thirty-five deaths were attributed to the storm, which also wiped out nearly half of Louisiana's \$100-million sugar cane crop — and caused millions more in property damage.

The last remnants of Hilda — now only a weak low-pressure cell — were being pushed into the Gulf of Mexico around the resort town of Fort Walton Beach, Fla., early today by a strong surge of cold air from the north.

### Tower Topples, 8 Killed

High winds and heavy rains from Hilda knifed across southern Georgia and into South Carolina.

Larose, a fishing town of 5,000 on the banks of Bayou Lafourche, 50 miles southwest of New Orleans, was struck by one of the many tornadoes which spun off Hilda's advancing winds. Twenty-one persons were killed and nearly 200 injured.

At Erath, the city's water tower buckled under hurricane winds, toppled to the city hall and killed eight persons, all civil defense workers in the small Vermilion Parish town.

A Negro woman was killed at Jeanerette when a recreation center — being used to house hurricane evacuees — collapsed.

Three traffic deaths were attributed to Hilda's winds and accompanying rain by authorities. A repairman working on downed electric lines in New Orleans was electrocuted and a

woman drowned in a rain-swollen drainage ditch.

### Floods Hit Homes

More than 200 persons were injured — 175 at Larose alone.

Flash floods drove scores from their homes in the outskirts of Baton Rouge, the state's capital city, Sunday. They joined thousands of refugees from the bayou country where most of the French-speaking Cajuns live.

Baton Rouge recorded 10 inches of rain. As Hilda moved into southwest Mississippi and then curved eastward, she left 12 inches of rain at McComb.

A freak windstorm — called Hilda's backlash by the Weather Bureau — struck New Orleans' lakefront by surprise Sunday afternoon. Winds in excess of 90 m.p.h. whirled across 26-mile

wide Lake Pontchartrain and pounded the seawalls. Waves of six feet or more crashed over the seawalls, crossed Lakeshore Drive and flooded fashionable homes.

New Orleans escaped the hurricane's heavy rains and winds as the storm's eye altered course after moving inland Saturday.

## Holland Gets Dutch Windmill

MUSKEGON (AP) — Carrying 70 tons of disassembled windmill to be rebuilt as a tourist attraction in nearby Holland, the Dutch freighter Prins Willem arrived here today.

The 200-year-old mill was purchased in the Netherlands as the centerpiece of a \$450,000 civic project through which Holland aims at increasing its year-around tourist business.

A welcoming ceremony was scheduled here late in the day when Holland officials greet the ship's officers and inspect mill parts.

A police escort has been arranged Tuesday for a fleet of trucks donated by Holland transportation firms to carry the windmill to its new home.

Concrete foundations already are in place at the site to be known in Holland as Windmill Island. Besides the mill and a Miller's house and barn, the island also is designed to show visitors replicas of dutch canals, dikes and gardens, all expected to be ready for the community's annual Tulip Time Festival next May.

## Newest Science Satellite Takes Orbit Too Low

CAPE KENNEDY, Fla. (AP) — America's newest scientific satellite, IMP2, is not as effective as hoped because of a lower-than-planned orbit.

IMP2, which stands for Interplanetary Monitoring Platform, was launched from Cape Kennedy Saturday night toward an orbit intended to range from 120 to 161,000 miles high.

However, because of apparent substandard performance by the Delta booster, the orbit stretched from 120 to only 59,400 miles.

Thus the satellite does not remain in interplanetary space — above 40,000 miles — for the periods desired. However, officials said equipment for all nine experiments were operating.

Major purpose of the satellite is to chart radiation hazards that threaten astronauts who venture beyond the earth's atmosphere.

## Belfast Political Parade Orderly As Police Watch

BELFAST, Northern Ireland (AP) — Police stood by Sunday and didn't interfere as 10,000 Irish nationalists paraded in downtown Belfast during an election rally.

There was no violence in contrast to four previous nights of rioting that left 70 injured in the West Belfast area, which is heavily populated with Roman Catholics. The majority of Northern Ireland's population is Protestant.

The Republicans are contesting 10 of 12 seats in the British House of Commons. The Republicans want Northern Ireland's six counties to join the Irish Free State's 26 counties to the south.

## Supreme Court Hears 2 Civil Rights Appeals

WASHINGTON (AP) — The Supreme Court, in a speeded-up schedule, hears arguments today on the first two appeals involving constitutionality of a section of the new Civil Rights Act.

Departing from tradition by calling for arguments on the opening day of a new term, the court indicated it felt an early decision should be reached on the first challenges made of the 1964 statute.

The two appeals, with their political overtones in the presidential election campaign, could be decided before Nov. 3.

First arguments are on an appeal by the Heart of Atlanta Motel from a decision by a three-judge federal court in Atlanta. The decision was that the public accommodations section of the new law is unconstitutional as applied to the motel.

Next the high tribunal hears arguments on an appeal by the Justice Department from a ruling by another three-judge court in Birmingham, Ala. The Birmingham court said the section is unconstitutional as applied to Ollie's Barbecue, a restaurant in that city.

The section states that "all persons shall be entitled to full and equal enjoyment of goods, services, facilities, privileges, advantages and accommodations of any place of public accommodation, as defined in this section, without discrimination or segregation on the ground of race, color, religion or national origin."

The two appeals present the question how far the section reaches under the authority of Congress to regulate interstate commerce. The interstate commerce power was the main legal basis behind congressional adoption of the section.

## Regime Shaken Up In Syria

DAMASCUS, Syria (AP) — President Amin Hafez has taken over the premiership of Syria from Salah Bitar in a government shakeup expected to result in a tougher stand toward neighboring Iraq.

Both men are members of Syria's ruling Baath Socialist party, which was toppled from power in Iraq last November. Bitar, 53, premier since March 1963, has been accused of appeasing Iraq, which is closely allied to President Gamal Abdel Nasser of the United Arab Republic. Hafez, 51, is an avowed foe of Nasser.

The nation's revolutionary council accepted Bitar's resignation at a meeting Saturday night, a communique said.

## Million Left By Harpo Marx

INDIO, Calif. (AP) — An estate of more than a million dollars was left by comedian Harpo Marx.

Marx, the silent, harp-playing member of the Marx Brothers comedy team, died Sept. 28 at 75. His will was filed for probate Saturday.

Named sole beneficiary was Marx's wife of 28 years, former actress Susan Fleming.

## Secret Tunnel Flight Brings 57 To West Berlin

BERLIN (AP) — Fifty-seven East Germans escaped to West Berlin this weekend through a long tunnel dug under the Red wall, the West Berlin government reported today. East Germany said one of its border guards was shot dead during the escape and called it murder.

It was believed to be one of the biggest mass escapes since the Red wall was erected in the summer of 1961.

All the refugees, 23 men, 31 women and 3 children, came through unhurt. Red guards found the tunnel just after the escape and fired submachine guns into the passageway.

The East German Defense Ministry said the border guard was killed "by aimed shots from armed bandits" who had penetrated into East German territory through the tunnel.

It seemed possible that the

## More Arrests Due In Rights Violation Case

PHILADELPHIA, Miss. (AP) — Sheriff Lawrence Rainey and his deputy Cecil Price, both charged with civil rights violations, were back on duty today while more arrests loomed.

The Justice Department said more arrests in Neshoba County were imminent. A spokesman indicated the number might reach a dozen.

The FBI arrested Rainey, Price and three others Saturday, a day after a federal grand jury at Biloxi issued indictments accusing them of violating the civil rights of Negroes. All were released on bond.

The other three were Philadelphia policemen Neal O. Burke, 71, and Richard A. Willis, and former Sheriff Ethel G. Barnett, 42.

The indictments charged violations of the 1948 federal penal code. The five were accused of depriving the constitutional rights of Sam H. Germany, Kirk Culbertson, Cleo J. Nichols Jr., Harvey Nichols Jr., Ernest Kirkland and Earl Tisdale.

A second indictment charged Rainey and Price beat Culbertson in the Philadelphia jail last Jan. 26.

The indictment against all five provides a maximum penalty of one year in prison and \$1,000 fine.

## Auto Fumes Fatal

DETROIT (AP) — Aglerine Sutton, 29, of Munith, was found dead Sunday in his car, parked with its engine running in suburban Taylor Township. Police said gas fumes entered the car from a faulty exhaust pipe.

## Spot In History Is Achieved By 88th Congress

WASHINGTON (AP) — The 88th Congress finally has quit, its place in history secure because of its action on civil rights, tax reduction, poverty, education and the limited nuclear test-ban treaty.

Some of its members were saying today, however, that President Johnson may call Congress back into session after the Nov. 3 election if he wins.

Said Sen. Russell B. Long, D-La.: "This is too good an opportunity for the President to miss. Sometime in a campaign speech he's going say, 'The members of Congress raised their own salaries \$7,500 but they didn't do anything for the old folks and the poor, so I'm going to call them back to remedy that.'"

Earlier in the session, the House and Senate passed a law to increase the pay of their members from \$22,500 to \$30,000. Last week, in their rush for adjournment, they brushed aside two key Johnson administration measures — health care for the elderly under social Security and a \$1.06-billion aid package for the impoverished Appalachia region.

The health care proposal died when Senate and House conferees were unable to agree whether it should be attached to a bill to increase retirement payments under Social Security. The fight killed the payment increases, too.

Noting this, House Republican Leader Charles A. Halleck of Indiana said in a statement Sunday that Johnson killed the chances of an increase in Social Security payments "by personally dictating that socialized medicine be forced down congressional throats."

Latest Since 1944 The 1964 session dragged to a close Saturday when the Senate adjourned sine die at 1:41 p.m. and the House at 3:16 p.m. Congress had met for 21 consecutive months and this was the

latest adjournment in a presidential election year since 1944. In the weeks since the Democratic and Republican conventions, Congress accomplished little. But Democratic leaders insisted this did not dim the luster of the 88th's record and Johnson hailed Congress as among the most fruitful in history.

Nearly all of the major bills passed were recommended by the late President John F. Kennedy but only a few were sent to the White House before his assassination.

On taking over the presidency, Johnson immediately began a drive for every item on the program and succeeded in winning passage of most of them.

These probably are the top accomplishments of the 88th:

—A sweeping civil rights bill, passed in the Senate only after a 14-week Southern filibuster was broken by imposition of debate-limiting cloture, the first time this was done on civil rights. The measure strikes at racial discrimination in jobs and in restaurants, hotels and other public places, in voting and in public schools.

—A \$11.5-billion tax cut bill covering both individuals and corporations, designed as a stimulus to the economy and as a spur to private enterprise.

—Ratification of the limited nuclear test-ban treaty, holding out the promise of some cold war thaw and of ending pollution of the atmosphere.

Scored 45 Out Of 51 —A big package of education bills, including a \$12-billion college construction measure, a \$1.56-billion vocational education bill, a \$231-million medical education measure, and a \$1.8-billion bill broadening the National Defense Education Act and extending the impacted areas program. The latter was sent to Johnson last Friday.

—A \$947.5-million measure to provide jobs for youths, train unskilled persons, and encourage local community programs. This was the most important item passed bearing Johnson's own stamp.

Democratic leaders figure the President got all but 6 of 51 major proposals which he sent to the Capitol this year.

Besides health care and the Appalachia bill, the casualties were bills to implement the International Coffee Agreement, to control water pollution, to put an additional \$355 million into the depressed — areas program, and to liberalize the immigration laws.

## Senator Marries

WASHINGTON (AP) — Sen. Warren G. Magnuson, D-Wash., and Jermaine Peralta, a Seattle widow, were married Sunday with President and Mrs. Johnson witnessing the ceremony in a Hotel Shoreham suite performed by the Senate chaplain, Dr. Frederick Brown Harris. Twenty guests attended.

Magnuson is 59 and his bride is 41. The couple left by train for Chicago and Seattle.

## Way Is Paved To End Strike Of 280,000

DETROIT (AP) — General Motors Corp. and the United Auto Workers announced tentative agreement today on a national labor contract, paving the way for an end to a nationwide strike that has idled some 280,000 workers.

In a joint statement, the two parties said:

"General Motors and the United Automobile Workers today announced tentative agreement on terms for a settlement of all national economic and national contract issues between the parties.

"The parties will now concentrate their efforts in resolving local issues."

Louis G. Seaton, vice president of General Motors in charge of the GM negotiating team, said GM and the union had yet to resolve local issues in 117 of 130 plants across the nation. He said the new national agreement would not become effective "until these matters are resolved and the agreement is ratified."

Many Local Problems Seaton said the two sides would continue to attempt to solve the local problems — still numbering nearly 16,000 — "so production of all GM 1965 models of our employees can go back to work."

The strike has shut down el automobiles.

GM's chief competitors — Ford and Chrysler — have been turning out their new models while GM has been shut down.

The walkout was called Sept. 25 when the company and the UAW failed to reach agreement on non economic issues including production quotas, working conditions and union representation in the plants.

There was little difficulty, however, in reaching agreement on an economic package virtually paralleling at GM settlement won at Ford and Chrysler earlier in September.

These called for higher pensions as an earlier retirement incentive, longer vacations, added holidays and other fringes.

Frosting On Cake From Ford and GM the union gained what UAW President Walter P. Reuther referred to as "frosting" on the Chrysler cake in the form of a Christmas bonus hinged to the level of the companies' supplemental unemployment benefits fund.

Both local and national issues had stymied settlement. Reuther told newsmen the tentative agreement included a \$17-million-a-year provision for equalization of wages on various job classifications. He said some 2,400 local grievances automatically would move up to the national level for bargaining because they involve wage inequity demands.

Asked whether the few locals which have solved their demands would return to work immediately, Reuther said there were hardly enough local settlements at this point to make any difference in the strike picture.

Too Much Overtime Latest reports showed only 13 of the 159 bargaining units have resolved their problems. Leonard Woodcock, UAW vice president in charge of the GM department, said he hoped the bulk of the outstanding local demands could be settled within a week.

Reuther said one of the non-economic issues that caused the strike—union representation — has been resolved with the addition of 12,000 more hours to the time the union is allotted for settlement of local grievances.

Another noneconomic stumbling block was the union's complaint of excessive overtime.

The UAW chieftain said GM President John F. Gordon had signed a letter of policy directed to plant managers, saying when a worker has a problem caused by excessive overtime he can apply for relief and get it.

Reuther said 11 items of changes were made in the procedures under which production standards are set.

He predicted when the General Motors workers understand what the UAW has gained by

## Raiders Seize Malaysia Fleet

KUALA LUMPUR, Malaysia (AP) — Armed Indonesian pirates aboard a gunboat swept down on a Malaysian fishing fleet Saturday and seized 29 vessels, police reported today.

It was the biggest sea raid reported since Indonesia mounted its campaign to smash Malaysia. Fifty-five fishermen were taken prisoner, but 43 were turned loose and returned aboard four of their boats.

# MEAs Endorses Candidates For Education Board

EAST LANSING — For the first time in its 112-year history, the Michigan Education Association has announced its endorsement of candidates running for state elective offices. In a precedent-breaking move, the MEA has recommended the election of candidates running for the State Board of Education.

To be elected on Nov. 3 are eight members of a new State Board of Education as created by the new state constitution.

MEAs recommendations: Eight-year terms: Alvin M. Bentley (R), Owosso; and James F. O'Neil (R), Livonia. Six-year terms: Dr. Peter Oppewall (D), Grand Rapids; and Robert P. Briggs (R), Jackson.

Four-year terms: Bourke Lodewyk (R), Bay City; and Mrs. Joyce Hutton (R), Grand Haven.

Two-year terms: Donald M. D. Thurber (D), Grosse Pointe; Mrs. James Parker (R), Grand Rapids; Ellen Solomonson (R), Norway; and Dr. Leon Fill (D), Huntington Woods.

Troopers assigned to handle state police dogs volunteer for the job—the trooper must like dogs.

Our community is fortunate in having its municipal water supply. But, if you want all the benefits of truly soft water living, you need a water softener installed because 8 grains water is not soft water...

# Music Teachers Aid Conference

Outstanding music educators will be among clinicians at the Michigan Education Association's Region 16-17-18 (Upper Peninsula) conference which will open in Marquette for two days on Thursday, Oct. 8.

Keith Dearborn, Clinton Junior High School, and Miss Martha White, Michigan State University associate professor, will be two of the resource persons for the music sections of the conference. The U. P. School Music Association did the planning for all of the conference music meetings.

Miss White will speak at two elementary music sections, one on Thursday afternoon for elementary classroom teachers and the second on Friday morning for elementary music supervisors. Dearborn will also serve as clinician at two sections, which will cover junior high school general music classes and the changing voice.

Last year Dearborn was nominated one of the Outstanding General Music Teachers of the Year in Michigan, and for the past three years has taught at Clinton Junior High School.

Miss White has conducted workshops and served as a music adjudicator throughout the Middle West and has taught at Michigan State University for the past 15 years.

Mrs. Beverly Moraco, Escanaba, president of the U. P. School Music Association, said the services of Miss White and Dearborn were obtained through the Michigan Music Education Association.

Other officers of the U. P. School Music Association are Mrs. George Embs, secretary, Escanaba; Con Beck, vice president, chorus, Escanaba; John Chown, vice president, orchestra, Escanaba; Robert Nordin, treasurer, Houghton; James E. Keranen, vice president, band, Gwinn; and James Bourgeois, vice president, junior high, Kingsford.

Sessions of the conference will be held on the campus of Northern Michigan University. The U. P. School Music Association dinner will be at the Northland Hotel Thursday at 7:30.

Edgar Harden, NMU president, will welcome the educators at the opening of the first general session Thursday morning, and Lynn Bartlett, state superintendent of public instruction, will speak on the topic "Look Ahead."

Ray Lawson, Rochester, president-elect of the MEA will discuss "Leadership Through Professional Responsibility," the conference theme.

Rev. Joseph M. Harte, Bishop of Arizona, co-consecrator.

## New City Editor

# David Andrews Joins The Press

Appointment of David L. Andrews as city editor of the Escanaba Daily Press was announced today by Editor Jean Worth.

Andrews, 24, a native of Escanaba, has been schooled at the University of Michigan and experienced in newspaper jobs in Ann Arbor and in Minneapolis.

"The Press is delighted with Dave Andrews' acceptance of its city editorship," said Worth. "He will substantially bolster our staff in cooperation with Managing Editor Clinton Dunathan and News Editor L. A. Danielson and will be a special help to Sports Editor Ray Crandall because of his knowledge of sports."

Andrews, a student member of the Press staff in the summer of 1961, impressed the Press at that time with his qualifications.

He is the son of Mrs. Gladys Andrews, 112 S. 17th St., with whom the Andrews are living temporarily while an apartment is readied for them.

Mrs. Andrews is the former Donna Dahlke, daughter of Mr. and Mrs. Norman Dahlke of Escanaba. They have a daughter, Kathy, 2.

Andrews was graduated from Escanaba High School in 1958 and is a 1963 journalism graduate of the University of Michigan. He joined the Booth Newspapers after graduation at U-M in June 1963 and worked briefly as a reporter for the Ann Arbor News before moving to the sports department of the Minneapolis Tribune, where he has been employed since.

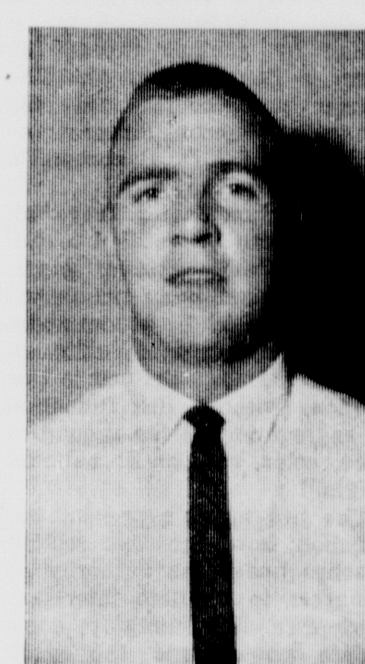

He has also worked for the Football News, a fall gridiron weekly published in Detroit.

## In Service

Pvt. Ronald J. Pettie, son of Mr. and Mrs. Royce J. Pettie, Rapid River, completed advanced training as a cannoner at the Army Artillery and Missile Center, Fort Sill, Okla., Oct. 2.

Pettie was trained as a member of artillery gun or howitzer crews. The 21-year-old soldier entered the Army in May 1964 and completed basic training at Fort Leonard Wood, Mo. He was graduated from Rapid River High School in 1961.

Army Pvt. Jim D. Eklund, 22, whose wife, Sharon, lives in Chatham, was assigned to the 66th Artillery on Okinawa, Sept. 18. Eklund entered the Army last April, completed basic training at Fort Leonard Wood, Mo., and is a missile crewman in Battery D of the 66th Artillery. The son of Mr. and Mrs. Roy H. Eklund, Munising, he is a 1959 graduate of Mather High School in Munising.

David L. Andrews

and was associate sports editor of the Michigan Daily, the University student newspaper, for two of his four years on its staff.

He is affiliated with Kappa Sigma social fraternity and a member of Druids, senior men's honorary society at the University.

# Pellet Ore Puts C&NW Million Tons Over 1963

By Clint Dunathan

The Chicago & North Western Railway is on its way in setting some new ore shipping records at Escanaba in this Iron Ore Centennial year.

Most significantly in this 100th year of ore shipping here is the triple increase in the volume of pelletized ore that flows through the North Western's big dock here. Last year to Oct. 1 the pellet ore totaled slightly more than 500,000 tons; for the same period this year it is 1,572,956.

One hundred years ago in its first year of operation at Escanaba the North Western loaded out about 30,000 tons of ore.

This year to Oct. 1 the total is 4,559,363 and the prospect is that the season total will approach the 6,000,000 mark by the close of navigation about mid-December.

## More Pellet Ore

The growth in ore handled by the North Western is keeping pace with the record demand for steel in the nation. If steel making operations continue at the pace set last month, production this year will reach a record 125 million tons. The current record of 117 million tons was set in 1955.

A century of handling iron ore in the Upper Peninsula finds the North Western in the forefront among industries seeking to meet the challenge accompanying the utilization of low grade iron ores.

There are two major ore beneficiation operations now under way in the U. P.: The M. A. Hanna's pelletizing plant at the Groveland mine near Iron Mountain; and the big new plant at the Empire mine at Palmer on the Marquette range south of Ishpeming.

Groveland last year to Oct. 1 shipped 536,513 tons of ore to Escanaba; this year to the same date the total loaded out is 1,024,355 tons.

## First From Empire

The Empire mine pellet plant began operations this year and the first shipment of pellet ore was brought to Escanaba in April from that source. To Oct. 1 the total shipped through Escanaba from Empire was 448,591 tons.

Cleveland Cliffs Iron Co., McLouth Steel Co., Detroit, Inland Steel and International

Harvester Co., are owners of the Empire plant which is operated by CCI.

To achieve economy in transportation, the North Western enlarged its cars for handling regular ore by putting sides on them, increasing their capacity to 50 tons of pellets. New rates on ore were published by the railway between the Empire mine and Escanaba this spring to reduce ore transportation costs.

## Expect 6 Million

The North Western has completed a dock improvement project and slip dredging job that cost about \$1,300,000 to make the Escanaba ore loading facility the equal of any on the Great Lakes. The cargo vessels can load to capacity here — but low water elsewhere on the lakes keeps them tight.

The North Western is running one million tons ahead of last year to Oct. 1 in ore shipments. Total for the period last year was 3,548,270 tons compared to 4,559,363 to Oct. 1 this year. The gain is 1,011,093.

The prospect is that the North Western may well exceed its 5½ million tons goal announced earlier this year and attain 6 million tons before the end of the shipping season. The call for ore continues high, boat listings are good at the C&NW dock, and shipping will go on until about mid-December. The last boat last year was loaded out on Dec. 16.

## Baby Daughter Of Juetten Dies In Tempe, Ariz.

Rita Marie Juetten, nine-month old daughter of Mr. and Mrs. Richard Juetten Jr., of Tempe, Ariz., near Phoenix, died suddenly Saturday morning at the family home. The infant was born Dec. 28, 1963.

Besides the parents, Rita Marie is survived by three brothers and three sisters and the grandparents, Mr. and Mrs. Joe Van Gasse of Kingsford and Mr. and Mrs. Richard Juetten Sr., of Escanaba. The mother is the former Marie Van Gasse.

Funeral services will be held Tuesday morning in Phoenix.

ESCANABA LIONS marked their 30th anniversary Saturday at the Sherman Hotel. Charter members of the club were presented with chevrons and certificates by Jack Buck, Lions International district governor. Shown here at the presentation were from left: Don Goulais, current president

## Lions Mark 30th Year

The Escanaba Lions Club celebrated its 30th anniversary Saturday at a ladies night banquet at the Sherman Hotel. The Lions have been meeting in the same place since its organization.

Jack Buck, governor of district 10, International Lions, Ontonagon, was special guest at the affair and presented certificates and chevrons to charter members still active in the club. Monarch awards were also presented to members of the 25, 20, 15 and 10 year classes.

Don Goulais, president of the club, was in charge of the meeting and read a congratulatory telegram from Escanaba Mayor George Rusch and the City Council.

Leo Brunelle, of Bark River, International Counsellor and past district governor, was toastmaster for the evening and introduced guests from the Bark River and Gladstone Lions Clubs.

Charter Chevrans for 30 year members were presented to Nick Bink, Art Goulais and Harold Meiers. Another charter member, Gust Asp, was unable to be present.

Old Monarch awards were given to: John Boyle, Grover Lewis and Melvin Trams, 25 years; Ralph Anderson and Melvin Oslund, 20 years; Karl Dickson, 15 years and Briton J. Hall, 10 years.

Monarchs who weren't present for the awards were: Norman Dahlke and Stanley Johnson, 20 years; Ragner Beck, Archie Freeman, Dr. M. H. Garrard, M. D. Perring and John Stoll, 15 years and Don Marvic 10 years.

District Governor Buck addressed the group on the importance of leadership among fellow members of the organization. He described the six basic wants of every man as: home, food, family, pride, security and recognition.

He said in order to get thing done one of these six wants have to be satisfied. Men are more willing to work under a person's leadership if one of these wants are offered in return.

## Grouse Hunting Best In North

The farther advance of fall in the north — there was snowfall this morning in the Ishpeming area — has helped grouse hunters there do better than they've done here.

The Escanaba District of the Conservation Department includes Marquette and Delta Counties and the west half of Alger and Marquette turned in more reports of hunter luck by grouse hunters than Delta in the first days of the hunt that started Thursday, reports Joseph Vogt, district game biologist of the Conservation Department.

Best shooting in the district was in the North Champion area, where most of the leaves are off the trees. Hunters reported seeing "lots of birds," and kill reports were lively in many areas of Marquette County.

The heavier cover in Delta curbed the kill. The road hunters complained of poor shooting and woods hunters

said they saw fair numbers of birds, but got few shots. The Bark River area check Sunday showed hunters doing pretty well.

Good sharp-tail grouse hunting was reported the opening day in the Limestone and Baikie Lake areas of Alger County, poor hunting from the Birch Farm area north of Rapid River.

Grouse were "spooky" — easily frightened, extremely alert and flighty — because of the high winds.

Most of the woodcock are gone from the district, but the opener was good in the Limestone area, and there was some squirrel hunting success reported from Stonington.

A better than average kill of geese was reported because strong south winds kept the big migrating honkers in this area for several days.

## Michigan's Legislature

Former Governor Soapy Williams, campaigning for the Democrats in the Upper Peninsula, expects reapportionment to give the lower House of the Legislature to the Democrats, with the Senate up for grabs in the Nov. 3 election. The House is now about 57-52 and the Senate 23-11, Republican.

Williams expressed hope that the Democrats would be statesmanlike in their prospective command of the House, and not be like the Republicans—or the Democrats the last time they had control—with a winner-take-all attitude in organization of committees and other structuring of the Legislature for the purposes of legislation.

We have had a tradition of hostility between the parties at Lansing. Williams quoted Demo gubernatorial Nominee Neil Staebler as saying, and a tradition of cooperation should be substituted for it. Such a political marriage at Lansing would certainly be welcomed by the public but it has been so long without it that it had best be doubtful about any such happening until it happens.

Seemingly didn't impress history with his contributions to a tradition of party cooperation at Lansing. Now, older and mellowed and wearing the robes of statesmanship that fit a U.S. undersecretary of state (for African affairs), he urges moderation and cooperation at Lansing. May he be influential.

Looking at the states' role in government from the Washington view after so many years of the reverse, Williams thinks that the states have got to set themselves up better for participation in the federal system.

To do this they've got to have tax reform, so that they can tap their state resources more fully and more equitably. In Michigan this process, he says, has got to stop piling taxes on property owners and shift more of the growing burden of cost of government (taxes) to where the money is.

In the present situation when property owners have a chance to vote No on new taxes (usually in school millage elections) they're apt to veto local spending. The process sends local government to Washington for the money that is needed (or desired) and eventually it's apt to send it and then pass along the bill back to the local area in increased federal taxes.

If states are to maintain a vigorous role in the framework of federal government, they need tax reform. It won't be easy. The effort killed off Gov. John Swainson. Williams thinks. Governor Romney, who succeeded him, got nowhere with a proposal for an income tax.

With "fairer" representation (one-man, one-vote), says Williams, "Michigan and the other states are going to be in position to legislate more in tune with the needs of the majority of the people and make the states more active partners in the federal system."

What's implied here is the death of the old tradition of government dominated by rural virtue, born in the settler standard, the log cabin and the family farm. The big cities are going to call the shots on legislation. It will be much more socially oriented, with the government charged with taking care of more of the needs of the people. The old puritan virtues of self-reliance and self-sufficiency will be marked out of date in the urban-industrial society that has succeeded our rural society and killed rural domination of the Legislature.

This great change in Michigan is going to mean more taxes—for welfare, for public works, for medical and hospital care programs, for education, for security, for other government services.

A change much more significant than the mere transfer of power from rural Michigan to metropolitan Detroit is facing the Michigan Legislature. A new regard for what state government should do for its people is being proposed.

## Finding The Way

### Weekly Laxative Old-Fashioned

By RALPH W. LOEW, D. D.

A mother writes that her husband, who was given a laxative regularly once a week, when he was a child, insists that she do the same for their children. But she is beginning to wonder if this is a wise procedure.

I had hoped that by now all the followers of this ancient ordeal had either died or heard the voice of a new prophet in the land.

This strange custom was based on the idea that poisons accumulate in the digestive tract and must be cleaned out. Nothing is further from the truth.

A balanced diet with plenty of vegetables and fruit will provide all the stimulus a child's intestinal tract needs. If a child should occasionally skip a bowel movement, no harm will come to him.

On the other hand, even the mildest of laxatives will irritate the bowel and sweep the food through without letting it be properly digested. This could lay the groundwork for mucous colitis, which is so prevalent among laxative addicts.

Should one of your children ever suffer from true constipation, give him a plain warm water enema — no soapuds, please! — using not more than 6 ounces of water and have him hold it for at least 5 minutes before passing it.

Q — What causes a child to have a water-hammer pulse sometimes visible in the arteries of neck? Is it dangerous? What should be done about it?

A — A water-hammer pulse is a sudden expansion and then a sudden collapse of the larger arteries. It may be caused by a leaky aortic valve or, more rarely, by a congenital defect in the heart.

Fortunately in most children who have this condition, the heart enlarges to compensate for the leakage and the child can lead a normal life. If compensation does not occur, or if

## BARBS

By HAL COCHRAN

Maybe they'd quit complaining if school kids realized mom was doing homework all during their vacation.

A lot of baby sitters merely put the kids to bed and then get paid for eating.

In many homes, children leave one-by-one and return two-by-two.

It's a good thing the 1965 autos have shock absorbers for the leakage and the child can lead a normal life. If compensation does not occur, or if

## The Volunteer

## Washington Comment

WASHINGTON — (NEA) — Addressing the Steelworkers Union convention at Atlantic City, President Johnson spoke from the same rostrum at which he made his nomination acceptance speech at the Democratic convention.

"I had so much fun here last time that I thought I'd come back to Atlantic City," the President told the steelers. "Were you pleased with the results of the last Atlantic City convention?"

After the expected roar of "yes," Johnson continued: "Well, that's wonderful. But I was a little worried at first whether they made the right choice for Miss America."

Bud Wilkinson, former Oklahoma University football coach now running for the Senate on the GOP ticket, notes that he is asked two questions practically every place he goes.

The first question is: "How do today's college football players compare to those of your generation?"

Wilkinson's answer: "Like everyone else, my memory tends to grow dim after 28 years. When you're my age, if you went out for the football squad in college, you remember you were first string."

"And if you were first string, you remember you were All-America."

(Football fans may recall that Wilkinson was a first-string blocking back at the University of Minnesota.)

The second question, naturally is: "What's a football coach doing in politics?"

Wilkinson's answer: "Lyndon Johnson's a school teacher and Hubert Humphrey's a pharmacist. I think a football coach can play in that game."

For weeks a Washington public relations man has been stopping by a small bookstore during his lunch hour to peruse a book called "Burrs Under the Saddle," buried on a back shelf.

It contained a review of practically every book written on western U. S. history which sought to puncture the myths of well-known western "heroes"—lawmen, gunfighters and plainsmen.

Not wishing to fork out \$20 to buy the book, our hero would simply read a few pages each lunch hour.

The other day he found the book gone. A salesgirl told him:

"You'll never guess who bought your book! It was a special order from the Navy Department."

The Republican Congressional Newsletter notes the latest GOP gag.

"Heard about the new organization called 'Democrats Anonymous'? If you get the urge to vote for LBJ, you dial a number. They send over a beagle to talk to you."

Democratic Congressional Committee Chairman Rep. Michael Kirwan, D-Ohio, pointing out that many traditionally Republican Buckeye businessmen are defecting to President Johnson, notes:

"Those who remain in the Republican party have found a new meaning for the old abbreviation, GOP. It now stands for 'Goldwater, Our Problem.'"

Gustave Schmidt, a resident of Manistique for more than fifty years, died today at the age of 81. A flour miller by training, he switched to lumber milling and followed it successfully until his retirement 10 years ago.

Dorothy Lee Johnson and Chester Marrier have been named editors in chief of the "Minnewascan" the Gladstone High School year book.

## Ask The Dentist

By DR. STEPHEN SHEFFREY and the Michigan State Dental Association

You young people from 10 to 15 are moving out more on your own and have less parental supervision. Sure is more fun, isn't it?

There are more "tooth traps" around, however, right along with the fun, so be cautious about loading up on sweets now that you have more money to spend.

The earlier advice about sweets still applies: Never chew sugared gum; eat sweets in weekly bunches instead of snacking nibbles; and use sugarless sweeteners if you can't "kick" the habit.

Now for the new traps. Beware of the one most natural for kids your age: Self-assertion. This one shackles you by degrees, beginning when Mom finds it easier to do things herself than to battle your complaints and arguments.

An accomplished self-asserter can become a master evader as well, so when Mom makes a dental appointment for you, don't knock it, go. The world is full of young people whose mothers have given up trying to get them to the dentist.

There's no limit to a mother's love but there is a limit to the energy she can spend trying to get you to do the right thing. So use your self-assertion in a positive manner, and make sure you get to the dentist in time to save your teeth.

Another trap which you'll see more often is the soft drink machine. This trap is often obscured by a cluster of friends. It dispenses sweet fluids which kids spend half an hour drinking—too long. It ruins many teeth.

If caught by one of these traps, drink the fluid quickly, rinse residue out of mouth immediately and break away.

Then there are cigarettes, a pleasant little trap with a long, long tripping mechanism. Their smoke is not kind to gums. It is expensive. It costs three times more than all the dental work your family will have done in a lifetime. It also damages in other ways. Many of man's diseases are more frequent and more severe in people caught up by this trap.

The last trap on the list is an idea. It works fine for BB guns, twirling batons, tennis shoes and ball-point pens, but hasn't been very successful when applied to natural teeth.

It is the "throw-it-away-and-get-a-new-one" thought, which was born when machines made it easy to make so many things.

Don't throw your own teeth away, kids. Avoid the rest of those traps, too, and stay young longer.

FATHER SEES ALL ST. PETERSBURG, Fla. — Four-year-old Kenny Himes isn't likely to disobey his parents for awhile.

Kenny, son of Mr. and Mrs. Gerald Himes, had been told he could not cross a bridge near his home. One recent day, when no one was looking, Kenny sneaked across the bridge.

That evening when his father came home, he spanked Kenny. He didn't bother to tell his son how he knew he had crossed the bridge.

Water ouzels walk underwater searching for food, using their wings much as they do in flying.

### WILDLIFE

Just an answer to Game Biologist Joseph Vogt's write-up in your paper. (The news story described the sighting of flocks of migrating geese.) If he would like to know, they were there for more than two weeks and between our house and barn where we are putting on a new metal roof. The noise didn't make any difference.

But there is a beaver dam on the other end of our farm 1 1/2 miles north on U.S. 41 this is flooding our corn field. He could not see that. We have reported it to the Conservation Department and they said they would be up today or tomorrow. They didn't come today and tomorrow hasn't yet either.

It is just like last year when we asked them to take care of their coons. They never did a thing about it and they are here again this year. They were too fat to get off their chairs last year. They must be fatter this year.

One more thing. We have been trying to get a culvert across a county road that crosses the center of our farm and floods 140 acres of land that cattle have to pasture and is flooded because of the road.

We talked to the foreman of the Rapid River (County Road Commission) garage and he said he would report it to the county office and that is as far as it went. Then we talked to the Masonville Township supervisor and he said we sure would get a culvert in there and he would call them tomorrow. That was two months ago.

It didn't take them long to put a big write-up in the paper when they put a \$22,000 bridge in a private driveway. If they had put it on the line where it belongs it would have served the people that lived there better and opened up several thousand acres that are going to have a road before too many years.

Woodrow Potvin

going, God-fearing woman who is trying to run a respectable rooming house can protect herself against the funny stuff being pulled off these days?

Three weeks ago a young couple drove up, said they were just married and would like to rent a room for a few weeks. I should have known something was fishy. She was carrying only a hatbox and he had a shaving kit.

They stayed Saturday night and left Sunday morning. The money was on the dresser so I wasn't out anything. But I'm burned up because they lied to me. I know these kids were not married.

Last weekend another couple checked in. They had no suitcases and said their car had broken down. They stayed one night. The next day a man came by looking for his daughter. I'm sure it was the same girl who had spent the night here, but I said, "No," because I didn't want to make trouble.

Must I ask every couple who wants to rent a room to show me a marriage certificate?—NO PARTNER OF SIN

Dear No Partner: If you demand a marriage certificate as proof of purity you'll have an empty rooming house, lady. I am afraid you, like all other innkeepers, will have to trust people, and your own judgment.

Do you feel ill at ease out of it? Is everybody having a good time but you? Write for ANN LANDERS' new booklet, "The Key To Popularity," enclosing with your request 35c in coin and a long, self-addressed, stamped envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped and self-addressed envelope.

SECOND RETIREMENT QUIETER LOUISVILLE (AP) — Carl C. Krankel retired recently for the second time but without the fanfare he received eight years ago.

In 1956, he became the 8,000,000th American to draw Social Security when he went into partial retirement after 28 years with a candy firm.

Krankel, now 74, says his main interest now will be growing roses.

## Back-Seaters Can Aid Drivers

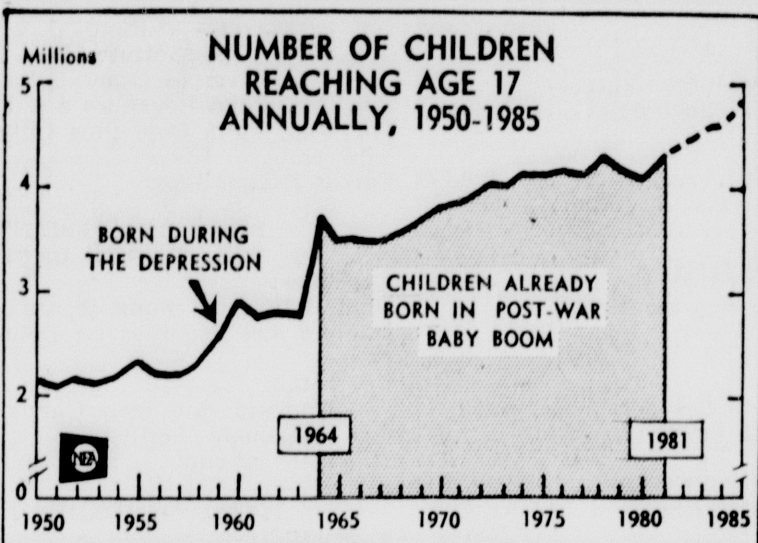

Cartoons and situation comedies to the contrary, back-seat driving — done intelligently — can be a big help to the actual driver of a car, according to the Automobile Club of Michigan.

"Although back-seat drivers have provided plots for thousands of cartoons through the years, such people can be a real help to the driver if they look upon themselves as a co-pilot," said Ernest P. Davis, director of Auto Club's safety and traffic division.

Davis cited the following hints on how to be a good automobile "co-pilot":

Never startle the driver. Don't shout "Look" to call the driver's attention to a beautiful sunset or some scenic attraction. "As his involuntary reflexes snap his head around at your exclamation," Davis warned, "the car ahead may suddenly slow down or another car may pull out from a side road."

Don't irritate the driver by constantly pointing out hazards, traffic signs and driving conditions that are perfectly obvious to him. "Unless a real emergency is present," Davis said, "wait a few moments before pointing out that the speed limit has been reduced or that there's a stop sign ahead. You should only sound off if you're reasonably certain that some point has es-

**TEEN-AGE TIDE RISES**—Look for a big increase in teen-age problems during the next decade. Reason: As Newschart shows, there are going to be a lot more teen-agers around. This year, 3,700,000 of them will celebrate their 17th birthdays. That's nearly a million more than in 1963. After 1966, each year's crop of seventeens will be bigger than the one before, reaching 4,000,000 or more by 1974. It all means multiplied headaches for parents, educators and sociologists. Data are from Population Reference Bureau.

Learn to read road maps and take the full responsibility, when possible, for navigating on long trips. "Road signs and other pertinent points of information should be read aloud, because trying to point them out will distract the driver's attention," Davis said.

Try to stay awake on long trips. Davis said that if a passenger falls asleep, the driver may also start to slumber, with disastrous results.

Be helpful. Light the driver's cigarette, tune the radio, unwrap any food in the car.

"If a driver tries to do two things at once," warned the Auto Club official, "they may be the last things he ever does."

"Too many people take driving for granted. It's a full-time job for one man, but if the passenger will think of himself as a co-pilot, he will make motoring easier and safer for everyone," Davis added.

Newspaper want ads are a big sell! Eight hundred million was spent on classified ads last year more than for all television spot announcements or radio advertising.

## Utilities Assn. Elects Officers

PETOSKEY (AP) — Claude Erickson of Lansing was elected here Friday to the dual post of president of the Michigan Municipal Utilities Association and member of its board of directors.

Installation of officers concluded the association's fall conference, a technical session attended by about 80 members representing cities with municipal electric utilities.

The group voted to meet at Bay City next spring and at Traverse City next fall.

Other officers installed were vice president Thomas Moore, city manager and superintendent of the Board of Light and Power at Marquette, and Claude VerDuin of Grand Haven, secretary-treasurer.

Erickson also was named to the association's board of directors for a 4-year term, as was Roy Edwards, director of Grand Haven's Board of Light and Power. Perry Baer of Crosswell was named to a one-year term on the association board.

## Four Arrested During Sit-In At Automobile Club

DETROIT (AP) — Police arrested Mrs. Gloria Brown, president of the Detroit chapter of the Congress On Racial Equality, and three other persons Friday night at a sit-in demonstration at the Automobile Club of Michigan headquarters.

The four were charged with trespassing when they refused to leave the AAA building after closing hours. CORE, which sponsored a similar demonstration in which six persons were arrested a week ago, staged the demonstration to protest AAA management's refusal to meet its demands for a racial census and other employment information.

Frederick N. Rehm, general manager of the Auto Club which provides tourist, insurance and other services to member Michigan drivers, denied any discrimination in employment. He also said: "We cannot surrender any management prerogatives to an outside organization."

## Naval Transport Plane Lands In Frozen Antarctic

BYRD STATION, Antarctica (AP) — A U.S. Navy transport plane touched down safely Wednesday after a 4,420-mile journey to frozen Antarctica — the first from the continent of Australia and the second longest in antarctic aviation history.

The ski-equipped 65-ton Hercules was scheduled to land at McMurdo base after the trip from Melbourne but was re-routed to Byrd Station because of bad weather. It carried a 14-man crew.

The flight was made over the south pole, where 22 U.S. scientists and Navy men are staffing Amundsen-Scott research station. The Hercules parachuted a 50-pound package of mail to the station.

## Warsaw Musical Group Arrives For 6-Week Tour

NEW YORK (AP) — The Warsaw Philharmonic arrived here Friday and its members quickly left for Washington to start a 29-city tour of the United States and Canada that will last six weeks.

There are 101 musicians and nine directors and other orchestra officials in the group. The orchestra is here on its second visit.

The first concert will be Sunday afternoon at Constitution Hall in Washington. Other performances are scheduled in New York, Chicago, Boston, Philadelphia, Detroit, Montreal and Toronto.

## Rates Reduced For Water And House Heating

LANSING (AP) — The Public Service Commission Friday ordered electric water and house heating rates cut for 5,200 customers of the Wisconsin-Michigan Power Co. in Iron and Dickinson and parts of Baraga, Ontonagon, Marquette, Schoolcraft, Menominee and Alger counties. The commission said the total reduction of about \$13,000 a year would save \$5 per year for water heating customers and between \$65 and \$80 for house heating customers.

## Much Of World Short Of Food

ROME (AP) — Skyrocketing population has outstripped the increase in world food production in the past 12 months. Man-kind had less per person to eat, and almost everywhere food cost more.

This was the grim picture painted today by the U.N. Food and Agriculture Organization (FAO) in its 1964 annual report. It came against a background of recent food riots in teeming India and the lengthening shadow of hunger over much of the rest of the world.

The actual over-all balance between population gain and food production increase may even be darker than FAO described. Its report contained no figures for Communist China, which has almost a fourth of the world's population.

**Production Lags**  
The report said it appeared there were some increases in food production in mainland China during 1963-64, but it was unlikely the increases had kept abreast of China's population gain of 15 million a year.

Soviet Russia, with its massive population, had actual food production decreases in the past year.

The FAO report for the year ended July 15, 1964, said world population had increased 2 per cent but food production had

gone up slightly less than that. Much more significant than the single-year comparison was the fact that "for five years now there has been no increase in world agricultural production per capita," the report added.

The past year, however, was the first time FAO has reported production gains actually below population increases.

**Costs Go Up**  
The increases in production were mostly in North America, 4 per cent, and Oceania, 3 per cent — both regions already eating well.

In developing regions where malnutrition is wider spread, the gains were described as "very slight" — only 1 per cent in Latin America and 2 per cent in the Far East, excluding China.

FAO said that in 74 of the 85 countries for which statistics were available, the cost of living in 1963 was, on the average, higher than in 1962, largely because of an increase in retail food prices.

There were some decreases, FAO said. Food was 8 per cent cheaper in Nigeria, 6 per cent in Sierra Leone, 4 per cent in Tanganyika and Burma and 3 per cent in Kenya.

**More people get more news from newspapers than from all other sources combined.**

## Buckeye PTA Meets Tonight

Regular meeting of the Buckeye PTA will be held this evening at 8 at the school, with Mrs. Donald Fitch of Escanaba as guest speaker. Her topic will be "The Speech Defective Child." Those wishing to join the Buckeye unit may do so at this meeting. Lunch will be served by Mrs. Agnes Erickson's fifth grade mothers, Mrs. Wilfred Blair, chairman, Mrs. Allen Newman, Mrs. John Van Brocklin and Mrs. Carl Sederberg.

## City Briefs

Mr. Olle Konsteniers, of Stockholm, Sweden, and Mr. and Mrs. Huko Konstenier, of Massachusetts, visited with Mr. and Mrs. John Kuja of Ensign recently. Olle Konsteniers is a nephew of Mrs. Kuja.

## Briefly Told

Russell Taylor, Rte. 1, Schaffer, was arrested by Gladstone State Police for transporting an uncased gun.

August Mattson Post 71, American Legion, will have a regular meeting tonight at 7:30 at the Legion Hall. Lunch will be served after the business session.

Mothers of 4-H Club members will meet with Miss Ingrid Tervonen, County Home Extension Agent, for orientation in foods, knitting and clothing at the James T. Jones School at 7:30 p.m. today.

Douglas T. Walen has been named general freight traffic manager, marketing, of the New Soo. Walen, presently traffic manager, sales, at Chicago, will assume his new duties Oct. 12, succeeding Ray H. Smith, appointed assistant vice president, traffic. A native of Minneapolis, Walen began his Soo career in 1943.

Joel Gustafson, Ensign, was ticketed by State Police of the Gladstone post Saturday for violation of the basic speed law, driving too fast for conditions, after his car struck a car owned by Royce Petley, Rapid River. Petley's auto was parked in Rapid River and Gustafson told police he was crowded into the car by another vehicle.

State Police of the Gladstone Post reported the following drivers have been issued traffic summons: Leroy Brunette, 1020 S. 23rd St., defective muffler; Edmond Gardner, Rte. 1, Escanaba, no valid operator's license; James Porath, Rte. 1, Gladstone, expired operator's license; Stella Clements, Harris, no operator's license and defective brakes; Donald LaForest, Rte. 1, Gladstone, speeding.

Three deer were killed in separate accidents Saturday and Sunday according to State Police of the Gladstone post. A car driven by Delbert Mosier, Rapid River, was extensively damaged about the front end when it hit a deer on U.S. 41, a half mile south of County Rd. 12. There was also extensive damage to a car driven by Lois Dutt, North Hampton, Pa., when it hit a deer on U.S. 41, five miles north of Rapid River. Police said Roger Deneau, Orionville, Mich., hit a deer with his car on County Rd. D 6, a half mile west of M-35.

NEW PUP-ETEER—Latest Beagle on the Washington scene belongs to William E. Miller, GOP vice presidential nominee. He was named B&B (Barry and Bill) by his original owner, but the Miller children renamed him "Socks." Holding "Socks" at the Miller residence in Washington is the nominee's 5-year-old son, William E. Jr.

## In Service

Francis D. Bovin, 20, son of Mr. and Mrs. Carl J. Bovin, N. 17th St., Gladstone, was promoted to specialist four, Sept. 24, while assigned to the 1st Armored Division at Fort Hood, Tex.

Specialist Bovin is a clerk in Company C of the division's 123rd Maintenance Battalion. The 1962 Gladstone High School graduate entered the Army in September 1963 and completed basic training at Fort Leonard Wood, Mo.

Pvt. Paul F. DuRoy, son of Mr. and Mrs. Antone F. Raspor, Gladstone, completed advanced training as a cannoneer at the Army Artillery and Missile Center, Fort Sill (Okla.), Oct. 2. DuRoy was trained as a member of artillery gun or howitzer crews.

The 21-year-old soldier entered the Army in May 1964 and completed basic training at Fort Leonard Wood, Mo. He was graduated from Escanaba High School in 1961.

## Cow Persuaded By Policeman To Jump Fence

WALKER (AP) — Patrolman Ronald VanSweden believes that powers of persuasion should be used when possible in his work as a policeman in this north-west Grand Rapids suburb.

He filled out the following report from an incident Thursday when he found a cow wandering free along a road:

"I told her right away she would not be allowed to set foot on any city road without permission of Howard Roberts, city clerk. I told her politely to jump back over the fence."

He reported that the cow then "very nimbly jumped back over the fence" and joined the rest of the herd.

## White Supremacy Regime Gains In South Rhodesia

SALISBURY, Southern Rhodesia (AP) — Prime Minister Ian Smith's white supremacy government has increased its parliamentary majority to nine seats in special elections that spelled a decisive defeat for former Prime Minister Sir Roy Welensky.

Smith hailed the outcome of the two by-elections Thursday as a vote of confidence for his plan to get independence from

## Dairy Couple Of 1964 Named

DETROIT (AP) — A couple from Sebewaing in Huron County has been named Michigan's Outstanding Young Dairy Couple for 1964.

They are Harold and Lillian Gremel Jr., who went into debt 11 years ago to buy their 270-acre farm shortly after they were married. Their original five cows have increased to 25, and the value of their farm has more than doubled.

They say that farming is their hobby. "We'd like to make it the best paying hobby we can, but we like what we are doing, and we want to go on doing it," they say.

The Gremels were named in a contest sponsored by the Michigan Milk Producers Association, judged on the basis of progress in farming and activities in community and farm organizations.

## State Briefs

HILLSDALE (AP) — A team of Belgians belonging to Charles Roehl Jr. of Smith Creek pulled 3,675 pounds at the Hillsdale County Fair Thursday to set what was called a new world heavyweight pulling record. The previous record of 3,650 pounds was set at the fair last year by a team owned by Roehl's brother, Harry.

PLAINWELL (AP) — Ed Clock wrapped up 30 years of outdoor work Friday with his retirement as fire and enforcement supervisor of the Conservation Department's 12-county southwestern Michigan region. Clock says his immediate plans include "a lot of hunting and fishing — things I haven't been able to do much of in the last 10 years."

WASHINGTON (AP) — The Senate confirmed Friday night the nomination for postmaster of Joseph J. Lozeau of Bridgman, Mich.

LANSING (AP) — Modern crossing protection was ordered Friday by the Public Service Commission for the intersection of the Chesapeake & Ohio Railroad and 109th Avenue in Allegan County.

SAULT STE. MARIE (AP) — Divers recovered the body of Lorn Green 61, of Caro, Mich., from Lake Superior near the mouth of the Michipicoten River, about 15 miles north of here. Green was found Sunday. He was lost when his 19-foot inboard motor boat was smashed by high waves. Green's son Keith, 38, swam ashore.

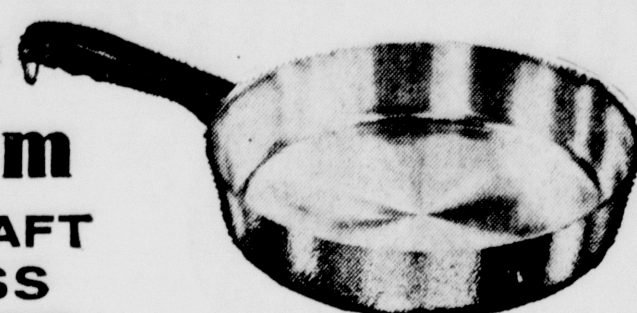

Britain while the territory's white minority still has the upper hand.

## How to save money regularly, in spite of yourself

Just ask your paymaster for a card like the one above, and fill it out.

This makes you an official member of the Payroll Savings Plan, entitled to all the rights and privileges thereof.

From now on saving money is no problem. Every payday, your employer sets aside a little from your check and puts it toward the purchase of a U. S. Savings Bond. Your savings come automatically. There's no temptation. No backsliding.

You can get your savings when you need them. But, of course, they'll be worth 33 1/3% more if you wait until your Bonds reach maturity.

Being a Payroll Saver entitles you to feel pretty proud of yourself, too. Because your savings help protect your country's future as they help provide for your own.

Why not talk to your employer and get started saving regularly this payday? You'll be amazed at your new perseverance.

Keep freedom in your future with  
**U.S. SAVINGS BONDS**

The U. S. Government does not pay for this advertising. The Treasury Dept. thanks The Advertising Council and this newspaper for their patriotic support.

# Women's Activities

Bright jaquard patterns add colorful zest to fall knitwear. All-over Persian jaquard double-knit jacket and skirt (left) is complemented by a solid, semi-turtleneck blouse. Solid double-knit jacket and skirt (center) features a contrasting

jaquard blouse and trim. The striking double-knit ensemble (right) is in all-over relief jaquard and has solid blouse and trim. These knits, made in Belgium by Couture Imports come in a variety of colors.

## Tasty Suggestions For A Fall Buffet

By CECILY BROWNSTONE  
Associated Press Food Editor

Here come fall buffet suppers. Friends are back from vacations, children are back in school. It's time for get-togethers. But what to serve?

How about a clove-studded, glazed canned ham that is easy to carve? Then as a change from the usual ham partners—scalloped potatoes or macaroni and cheese—we suggest a rice casserole. To prepare, use cooked firm-grain rice mixed with cream sauce plus lots of diced pimiento and top with grated cheese.

No cooked vegetable is necessary with the ham and rice. Instead, you might like to serve a molded salad made with the new mixed vegetable flavored gelatin. Such a pretty offering! When turned out of its mold, the top is creamy, the bottom a pretty clear color studded with the orange of shredded carrot and the gold of pineapple. If you use a ring mold

for the salad, fill the center with salad greens; otherwise, surround with greens.

French bread or hot biscuits will be needed as an accompaniment to the main course. For dessert, what could be better than your best cookies and coffee?

**Two-Layer Buffet Salad**  
2 packages (3 ounces each) mixed vegetable flavored salad gelatin  
1/2 teaspoon salt  
2 cups boiling water  
1 tablespoon lemon juice  
1/2 cup commercial sour cream

3/4 cup cold water  
1 cup shredded carrots  
1 can (8 3/4 ounces) pineapple tidbits

In a mixing bowl, stir together the gelatin, salt, boiling water and lemon juice until the gelatin dissolves.

Remove 1/2 cup of the mixture to a small mixing bowl, gently beat in the sour cream and 3/4 cup of the cold water

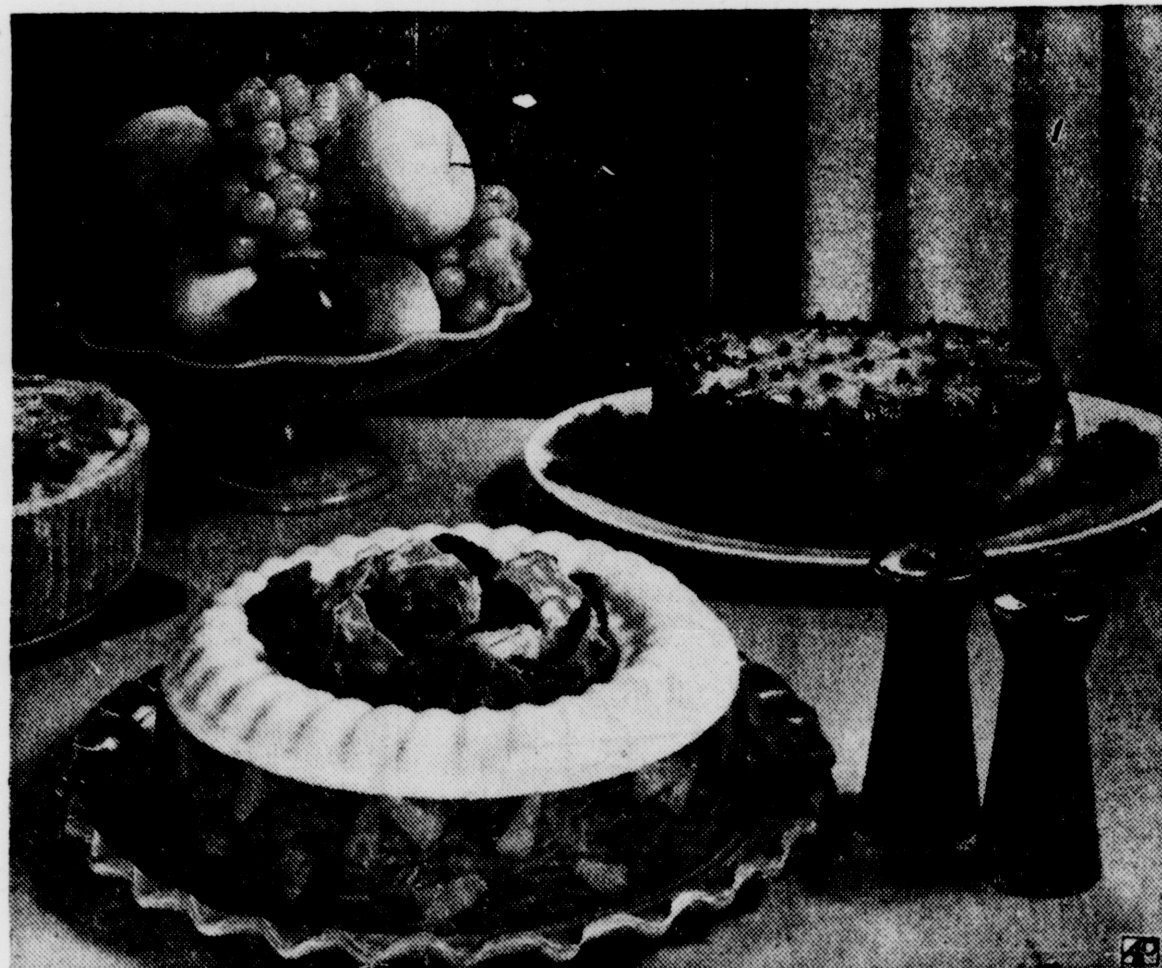

just until blended. Pour into a 1 1/2 2-quart mold. Chill until set, but not firm.

Into the remaining gelatin mixture, stir the carrots, undrained pineapple and remaining 1/2 cup cold water. Chill until slightly thickened. Spoon over the layer of the gelatin mixture in the mold. Chill until firm. Unmold. Garnish with salad greens. Makes 8 to 12 servings.

## Personals

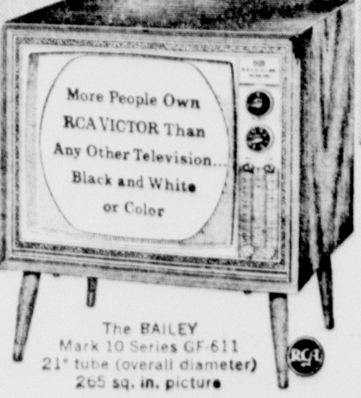

Harvey Pariseau, Duluth, Minn., and Coval Pariseau, St. Paul, Minn., are visiting with their mother, Mrs. William C. Murdock, 1011 Wisconsin Ave., Gladstone.

It is not necessary to pare zucchini, but make sure you scrub the squash with a vegetable brush and cold water.

BUFFET SUPPER — A molded salad, made with one of the new salad gelatins, is a decorative accompaniment to glazed ham and a rice casserole.

**UNDER YOUR BREATH**  
JOHANNESBURG, South Africa (AP) — The chairman of a large Johannesburg company sent this memo to his senior executives: "All executives who have been drinking vodka at lunchtime are requested hereafter to drink whisky. We would prefer our clients to regard our staff as inebriated, rather than stupid."

The memo stemmed from a change in Johannesburg business executives' midday drinking habits. Many have switched from whisky to vodka because they say the latter's telltale odor is less pronounced.

To prepare extra-good dry bread crumbs at home, save pieces of leftover French or Italian bread. Use a rolling pin or an electric blender to crush the dry bread into fine crumbs. If a rolling pin is used, the crumbs will need sifting to separate the fine particles from the coarse.

**PATTERN FLOORS**  
New flooring patterns, square block and several intriguing patterned designs in hardwood flooring, are now available in maple and birch. Patterned flooring is usually laid directly over the concrete subfloor in a mastic bonding material, but it can be nailed to softwood subfloors and old wood floors. In addition to the square blocks, the new patterns include the rectangle, herringbone, end-to-end and narrow face edge-grain designs. These patterned floorings are in demand for residence, school, bakery and commercial building floors.

**TRAVELING SCHOLARS**  
COLUMBUS, Ohio (AP) — A "traveling scholar plan" has gained good acceptance during its first year, says the new chairman of the Committee on Institutional Cooperation.

The chairman, Ohio State University vice president and dean of faculties Dr. John C. Weaver, said 41 graduate students took part. Eleven major Midwest universities are participating in the program, which allows a graduate student to go to another campus for a quarter or two to take advantage of a particularly good course or facility.

# Lucy Baines Is Star Of Michigan Barbecue

EDITORS: The following was written for The Associated Press by teenager Nancy Cain, daughter of AP business writer Charles C. Cain, giving a girl's eye view of Lucy Johnson's visit to Michigan.

By NANCY CAIN  
Written For  
The Associated Press

DETROIT (AP) — A 16-year-old girl from 1600 Pennsylvania Avenue in Washington, D.C., wowed them on the Michigan political trail Sunday.

Lucy Baines Johnson, youngest daughter of President Lyndon Johnson, mingled with 800 adults and teenagers at a Texas-Style barbecue at the estate of Mr. and Mrs. Robert Wild in suburban Bloomfield Hills.

She made a strong pitch for bi-partisan support for her father and told of her happiness at finding on her Michigan visit many who said they would cross party lines to vote for LBJ.

"I was impressed with the many Republican people who said they would set aside party feelings to vote for a man in whom they believed and I admire them for doing it," she said in a brief talk.

Being well trained in the political field, Lucy shook hands

with everyone and expressed her desire for her father's victory in the upcoming election.

## Turquoise Dress

Lucy made her appearance in a turquoise dress, wearing a small yellow rose while a band played "The Yellow Rose of Texas."

Besides the two Secret Servicemen who never left her side, Lucy was followed by Sen. Philip Hart of Michigan and many admirers and reporters.

Many of the leading figures of the Michigan Democratic Party were on hand, including Congressman-at-large Neil Staeble and former Gov. G. Mennen Williams, now assistant secretary of state for African affairs.

The guests who paid \$10 each to the citizens for Johnson each received a warm handshake and personal welcome from Lucy. The remark most frequently heard from the teenagers was "she looks much prettier in person than in pictures."

## Back To School

Lucy's stay at the barbecue was not very long as Marta Ross, assistant to Mrs. Johnson's press secretary, explained: "Lucy had to get back to school."

Lucy thus missed out on a chance to eat her share of the thousand pounds of spare ribs, 600 pounds of beef and 500 pounds of chicken served by Walter Jetton, the chef at the LBJ Ranch in Texas.

The affair was billed as open to all, regardless of party, and some Oakland County Republicans were among the guests. As a matter of fact the hosts were Republicans.

Lucy, smiling and gracious, seemed to be following in her mother's footsteps as she chatted with the crowd. She said, "I enjoy traveling and meeting different people."

## Births

**SHESKI** — Mr. and Mrs. Joseph P. Sheski, Powers are the parents of a daughter, Peggy Ann, born at St. Francis Hospital Oct. 3 at 4:15 p.m. The infant weighed 7 pounds and 2 ounces. Mrs. Sheski is the former Barbara LaFleur.

**PEPIN** — Wayne Francis is the name of the son born to Mr. and Mrs. Eugene F. Pepin, Escanaba Rte. 1, Oct. 4 at 8:44 a.m. at St. Francis Hospital. The baby weighed 7 pounds. Mrs. Pepin was Rosemary Constantineau.

**ROUSSEAU** — Mr. and Mrs. Joseph A. Rousseau, Gladstone Rte. 1, welcomed their first child Oct. 4, a daughter, Tammy Sue, born at St. Francis Hospital at 1:25 p.m. The infant weighed 6 pounds and 7 ounces. Alice Froberg is the mother's maiden name.

## Social Club

**Golden Age Club**  
The Golden Age Club will hold its regular meeting Wednesday at 7:30 p. m., at Club 314.

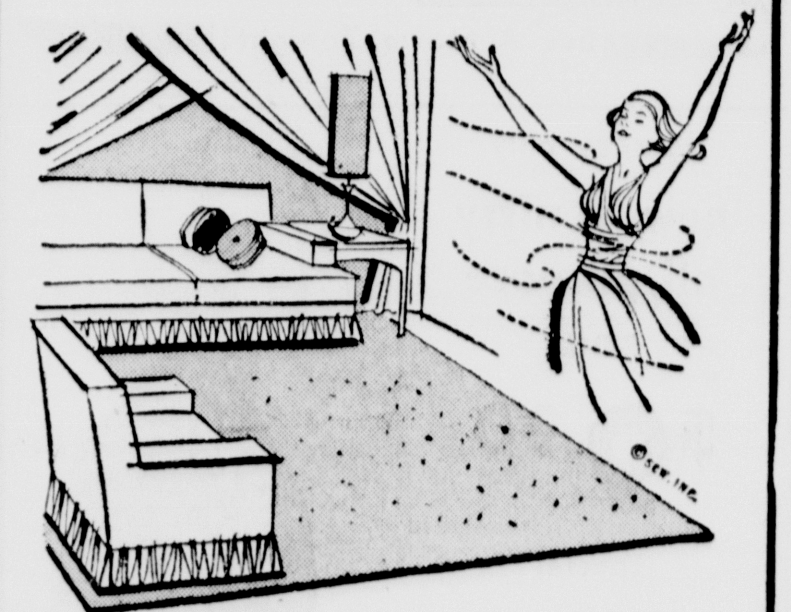

Ever sprinkle curried lamb with grated lemon rind just before serving? This garnish looks attractive and adds a pleasantly fresh flavor.

Make the main dish for a family lunch or supper a good source of protein; meat, fish, poultry, dried beans, peas, eggs and cheese all offer this important nutrient.

# Women's Activities

## Home League Social Tuesday At Army Temple

The Salvation Army Home League will have a social meeting Tuesday, Oct. 7, at 2 p.m. at the Army Temple, 112 N. 15th St.

The program will be: song by the congregation, led by Mrs. Gladys Anderson; Scripture reading and prayer, Mrs. Clyde McGinnis; song by the congregation; business session, Mrs. Earl Palmateer; vocal duet, Mrs. Orville Butts, Salvation Army Captain, and Mrs. Elmer Johnson; a favorite reading of Mrs. Gorman by her daughter, Mrs. Art Victorson; accordion solo, Mrs. Dan Evans; congregational song; address by Mrs. Butts, closing song.

Hostesses are Mrs. Margaret Provo and Mrs. Iris Tardiff. The public is invited.

## Irwin TenHaken Will Address Evening Circle

Featured speaker at tonight's meeting of the Central Methodist Church Evening Circle will be soil conservationist, Irwin TenHaken.

TenHaken will speak to the group on the subject, "Conserving our God-given Soil." The talk will be highlighted with color slides. The supper meeting begins at 6:30 in the basement of the church. Ruth Group will serve the dinner.

## Reservations Close Tuesday

Reservations for the Escanaba Country Club's closing dinner dance, an outstanding affair of the autumn social season, may be made through

FLOWER HOLDERS designed by Nicholas Prokos, native of Escanaba with studios in Highland Park, were made especially for the Winnetka Garden Club's Chrysanthemum Festival recently. Prokos is pictured with Miss Kathleen O'Brien of Winnetka. He is the son of Mrs. George Prokos, 1225 6th Ave. S. (Chicago Tribune Photo)

## Woman's Club Annual Party Successful Affair

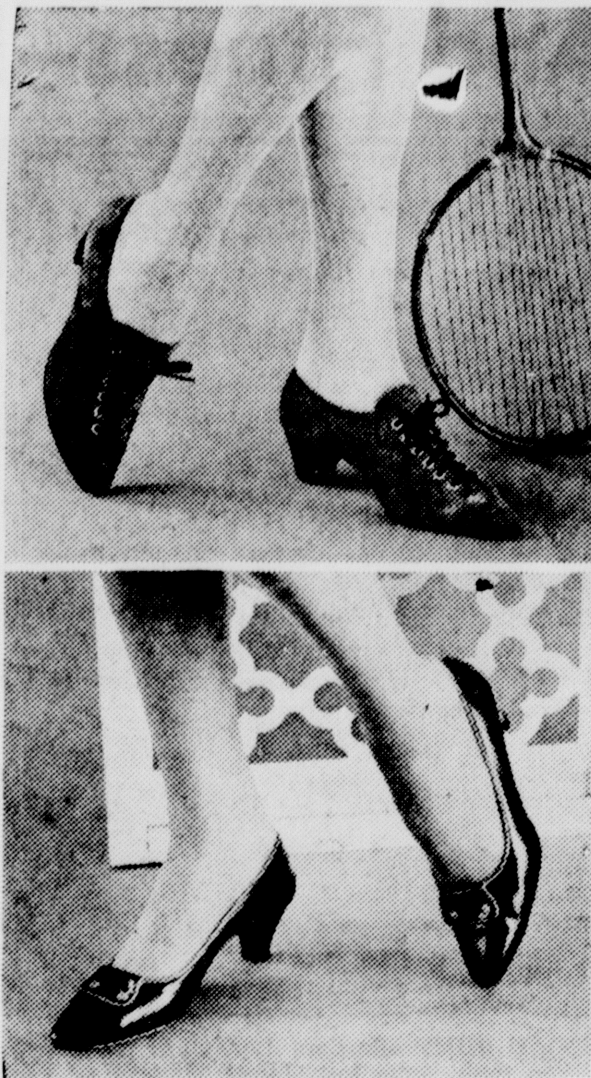

One of the most successful and attractive affairs of the season was the Escanaba Women's Club annual luncheon and card party, sponsored by the Education Committee Saturday afternoon at the Highland Golf Club. Theme of the party was "LaBlanc Cygnet," of The White Swan.

A delightful luncheon was served after which cards were played. Each table had charming porcelain swans, filled with artistic arrangements of plastic flowers, and paper swan taffies. The centerpieces later served as table prizes.

Proceeds of the party will be used for the scholarships given an Escanaba Area High School student and a Holy Name High School student to Bay de Noc Community College.

Mrs. John Greis was chairman of arrangements with Mrs. William Mulvaney, assisting chairman. Their committee included Mesdames Clifton Reno, Edward G. Harkins Jr., Leo Brunelle, G. E. Baldwin, Norman Arntzen, John A. Lemmer, James Degnan, Norman Bydalek, Ray McDonough, Al St. Pierre and Clifford Frashner.

The guest award was presented to Miss Margaret Ryan.

The flirty skirts of fall focus all eyes on the feet and legs. As a result, the designers of leather shoes have come up with a handsome collection for the season. Casual shoe (upper left) in brown brushed leather by David Evans was inspired by the bowling or tennis shoe. It is a six eyelet tie, set on a stacked Cuban heel. Two-toned afternoon shoes (lower left) in highly-polished calf leather have buttoned-down buckle and piping in brilliant red by D'Antonio. Worn with gold-trimmed brown suede shoe (right) are the new diamond-textured nylon seamless hose designed by Hanes.

## Press Women Invited To 'Elly Peterson' Day

Newspaper women of Michigan have been invited by Lenore Romney, wife of Michigan's governor, to be her guests at an Elly M. Peterson rally Tuesday, Oct. 20.

The "hit the campaign trail" observing the historic campaign of the first Michigan woman to seek a seat in the United States Senate, will follow the program of two years ago when Mrs. Romney was the busiest lady in the state, campaigning for her husband.

The Press women will be guests at a brunch and press conference at Romney's Bloom-

field Hills home at 10 a. m. From there they will go to Hamtramck where Mrs. Peterson and Mrs. Romney will address a luncheon group of 250 women. A tea will follow at the home of Mrs. Joe K. Ong, a leader in the Detroit Oriental community and the day will end with a meeting of Negro women from the Brewster-Douglas Housing Project.

Mrs. Shelly Spann, 31752 Topper Court, Birmingham, is in charge of arrangements and reservations.

## Baking Hints

Whether you are boiling white or sweet potatoes, drain them as soon as they are cooked through so that they won't be heavy and over-moist from standing in the hot water.

Diced green peppers are delicious cooked with green peas; cut the peppers into thin strips when you cook them with Frenched snap beans.

## Homemaking Tips

Is there a nutmeg grinder in your kitchen? Next time you bake a white or yellow butter cake, add some of the freshly ground spice along with the vanilla.

When you buy a plain chiffon cake you can give it a home-made touch by cutting it into two layers and filling and

covering it with your own frosting.

Ever add cumin seed instead of caraway seed to sauerkraut? Nice for Friday lunch or supper: scrambled eggs with crab-meat.

An old-fashioned recipe for chicken salad calls for marinating chicken and celery in oil and vinegar, then covering with mayonnaise.

## Relatives In Montreal For Golden Jubilee

Sister Ste. Valerie, the former Irene Plante of Escanaba, celebrated her golden jubilee at the Mother House of the Sisters of Misericorde in Montreal, Canada, recently.

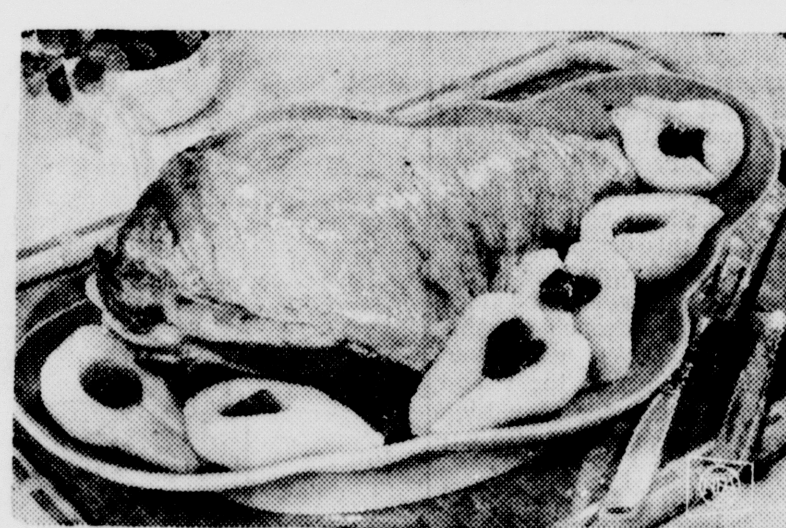

Attending the impressive ceremonies were her sister, Mrs. Rose Thiboutah, the former Rosina Plante, and a cousin, Mrs. Adrienne Couchon of Quebec, her three nieces, Mrs. Henry Moras of Escanaba, Mrs. Florence Vezina, the former Florence Plante, Virginia Berrier and a close friend, Blanche Regnier, all of Chicago.

Sister Valerie will return to South Huber Memorial Hospital in Pana, Ill., after her retreat at the Mother House.

## Church Events

Circle Study leaders' briefing meeting will be held in the Minister's Office, First United Presbyterian Church, Tuesday at 7 p. m.

## Mint And Roast Lamb

MINTED BARTLETT PEARS are good with roast lamb.

By GAYNOR MADDOX  
Newspaper Enterprise Assn.

The flavor of mint is traditionally used to make roast lamb taste even better, in jelly or as a sauce made with vinegar. There are many other combinations using mint, for example, minted Bartlett pears.

For a switch from mint, try hot curried pineapple with lamb. Drain a can of pineapple chunks; saute in butter lightly and sprinkle with curry powder to taste. Mix gently

and serve hot with lamb. You will be delighted.

MINTED BARTLETT PEARS

(6 servings)

3 fresh California Bartlett pears

1/2 cup water

2 tablespoons lemon juice

1/2 teaspoon salt

1/2 cup mint flavored jelly, softened

Green food coloring (optional)

Pare, halve and core pears.

In a skillet or large shallow pan, combine water, lemon juice and salt. Bring to boil;

add pears, cut sides down. Cover and simmer 5 minutes.

Turn pears; spoon jelly and food coloring into cavities.

Cook uncovered 5 minutes, basting frequently with the minted syrup. Serve warm or at room temperature with roast lamb, broiled lamb chops or lamb steak.

# Michigan Gets \$10,231,516 For Education Boost

WASHINGTON (AP) — The Office of Education announced Friday it has allocated Michigan \$10,231,516 under the Higher Education Facilities Act of 1963 to help institutions of higher education construct or improve facilities.

Of the Michigan allocation, \$2,262,998 was earmarked for public community colleges and technical institutes and \$7,950,518 for other institutions.

Congress earlier this year voted \$463 million for the program, under which the government contributes 40 per cent of the cost of construction projects for public schools and 33 1/2 per cent for other institutions. Friday's allotment for all states totaled \$230 million.

More people get more news from newspapers than from all other sources combined.

## WOMEN PAST 21 WITH BLADDER IRRITATION

After 21, common kidney or bladder irritations affect twice as many women as men and may make you tense and nervous from too frequent, burning or itching urination both day and night. Secondly, you may lose sleep and suffer from headache, backache and feel old, tired, depressed. In such irritation, CYSTEX usually brings fast, relaxing comfort by curbing irritating germs in strong, acid urine and by analgesic pain relief. Get CYSTEX at druggists. Feel better fast.

# Fun And Fitness—Broadway Style

**BROADWAY BROAD JUMP**—Barbara London of the cast of "Funny Girl" does the broad jump in competition with, from left, Jamie Thomas of "Hello Dolly," Laimie Kazan of "Funny Girl," and Diane West, Terry Little and Lyn Hobart of "Folies Bergere." The broad jump was one in a series of athletic events sponsored by the producer of "What Makes Sammy Run?" in order to "demonstrate that actors are at the forefront in maintaining and promoting the National Physical Fitness Program recommended by the President."

By MARY CAMPBELL

AP Newsfeature Writer

NEW YORK (AP) — Broadway performers light heartedly stepped out into the alley one day recently and ran and jumped for an hour, demonstrating their physical fitness.

Thirty-one from seven shows, rounded up by the staff of "What Makes Sammy Run?" arrived at noon in tennis shoes, shirts and slacks or shorts. The girls also were wearing heavy makeup, lipstick that glistens and fluttery false eyelashes. Four bunnies from the New York Playboy Club wore, in addition, black ears.

Publicity men pinned the actor-athletes into Miss America type banners, bearing the name of each show. They blew mightily on whistles to consolidate a crowd of some 150 along one side of Shubert Alley, the narrow pedestrian street which links theater-lined 44th and 45th streets just west of Broadway.

A trumpet fanfare sounded for the girls' 50-yard dash and somebody at the finish line on 45th Street remarked there was no finish line.

A publicity man ran to prevent the race, quickly ran back with a ball of string which he tied to a post on one side of the alley and carried across to hold on the other side, a stop watch

in one hand, a cigarette dangling in his mouth.

Fanfare sounded again and five girls ran pellmell the length of Shubert Alley. Diane West of the "Folies Bergere" was fastest. As an admiring group began milling around her, another bevy of five girls pelted down the alley, led by Barbara London of "Funny Girl." Then Lynn Hobart of the "Folies" arrived at the finish line followed by three girls; a bunny in the group had fallen down.

David Carradine, star of "The Deputy," won the first heat of the men's 50-yard dash going so fast he ran on into 45th Street and halted with both hands on the front door of a just-stopped taxicab.

Nat Horne of "What Makes Sammy Run?" and Martin Sheen of "The Subject Was Roses" wound up in a dead heat. The third group of runners was led by Johnny Holliday, only radio disk jockey out for track with the actors.

Winners raced for the finals. Diane West ran in 9 seconds, winning for the girls; Carradine in 7 seconds, won for the men. Carradine said he'd been a mile runner at San Francisco State College and while there had been a winner of races by psychological thinking. "I would psych out my opponents."

Second event, a half-mile walk, which meant hiking

around the block — Shubert Alley on 44th to Broadway, on 45th to 8th Avenue and back on 44th to Shubert Alley—was won by Stuart Unger of "Sammy." Richard Terry and Richard France, also of "Sammy," were disqualified when they were caught shortening the route by sneaking through the lobby of the Astor Hotel.

The three most senior participants made their walk together. Sammy Smith of "How To Succeed in Business Without Really Trying" succeeded in getting Jack Albertson of "The Subject Was Roses" and David Burns, who wins Dolly in "Hello Dolly!" to carry him around the block.

The administrator of the National Physical Fitness Program, Bob Stewart, attending from Washington, was alternately serious and humorous about the dramatization of physical fitness he was witnessing.

Asked whether it was his idea, he said, "It was Broadway's idea. It's partly promotion and partly entertainment and partly a serious effort. You have to be fit to live the arduous life of an actor and they're demonstrating that at high noon at Shubert Alley."

"Of course the true criteria of their fitness will be how they feel tomorrow. But I don't think any shows will be closed because of this demonstration." Diane West won the girls' half-mile walk, swallowed from the bottle of French champagne the Folies girls had brought to inspire them and said, "I'm ready for something else. Is there anything else going on?"

There was, and Miss West won the 100-yard dash, running the length of Shubert Alley, turning around on the sidewalk at 45th Street, and running back, in 25 seconds. Miss West, who was born in

# Social Security Is Explained

LANSING (AP)—Gov. George Romney, answering a letter from the Democratic state chairman, said Thursday he has not opposed "proper use of social security" in dealing with medical care for the aged.

"I am opposed to seeing the problem made exclusively the responsibility of just the federal government or just private groups," Romney wrote to Zolton Ferency.

Ferency challenged Romney to make his position known on federal medicare legislation to finance hospital insurance for senior citizens through the social security system.

He noted that Republican presidential nominee Barry Goldwater has opposed passage of the bill while President Johnson and Democratic gubernatorial nominee Neil Staeble have favored it.

Romney said medical care for the aged "is going to be an increasingly serious problem."

"I'm personally convinced," he said, "that its solution will result in a combination of private and public programs—public programs at the local, state and federal levels—and I believe the bulk of it will have to be, as far as public programs are concerned, handled at the federal level."

The governor said his statements in the letter were quoted directly from his talk to the recent AFL-CIO state convention at Grand Rapids.

## State Briefs

LANSING (AP)—The Conservation Department has been given the job of working with the secretary of the interior under the Federal Land and Water Conservation Fund Act. Michigan will be eligible for \$3 million in federal funds under the act.

LANSING (AP) — Spencer Kimball, a University of Michigan law professor, has been appointed special deputy commissioner of the Michigan Insurance Department. Kimball is an expert on insurance law and regulation.

**PRIZE BEAUTY** — Meet 15-year-old Geraldine Piotras, of Portland, Ore. The Klamath Indian maid was winner of the American Indian Beauty Contest at the 1964 Pendleton Round-Up.

## GATHERING OF THE CLAN

LOUISVILLE, Ky. (AP) — It was difficult for outsiders to get reservations at Jenny Wiley State Park: the John L. Boland clan was vacationing there.

# European Unity Plan Hits Snag

BONN, Germany (AP) — Dutch and West German leaders remain at odds on a plan for European political unity but agree that efforts toward this goal should continue at full strength.

Dutch Prime Minister Victor Marijnen and Foreign Minister Joseph Luns completed two days of talks Thursday with Chancellor Ludwig Erhard. Informed sources said the Dutch officials refused to commit themselves on a West German plan calling for regular meetings of the government heads of the six Common Market nations.

## National Forest Timber Sale

### MANISTIQUE RANGER DISTRICT HARVEST AREA

Sealed bids will be received by the Forest Supervisor, U. S. Forest Service, Escanaba, Michigan, up to 2:00 p. m. (EST) November 5, 1964, and will be opened immediately thereafter for all live timber marked or designated for cutting and all merchantable dead timber located on an area of about 1680 acres in Sections 3, 4, 5, 6, 7, 8, 9, and 10, Township 42 North, Range 17 West, Michigan Meridian, Hiawatha National Forest. No bid less than the minimum rates shown below for each species and product will be considered. The estimated volumes and minimum rates are: 1380 cords Aspen and Paper Birch pulpwood at \$0.70 per rough cord (of these 1380 cords, approximately 42% is Aspen and 58% paper Birch); 460 cords Balsam Fir pulpwood at \$4.00 per rough cord. The above rates include deposit for sale area betterment. Under certain conditions the Forest Service may, upon execution of a written agreement with the purchaser, base stumpage charges on the scale of pulpwood by the receiving agency. A deposit of \$150.00 in the form of a certified check, bank draft, cashiers check, or money order must accompany each bid to be applied on the purchase price, refunded or retained in part as liquidated damages according to conditions of sale. Bids submitted without the above form of deposit will require rejection of the bid as unresponsive. A bond of \$500.00 will be required. The right to reject any and all bids is reserved. Before bids are submitted, full information concerning the timber, the conditions of sale, and the submission of bids should be obtained from the District Ranger, U. S. Forest Service, Manistique, Michigan, or from the Forest Supervisor, U. S. Forest Service, Escanaba, Michigan.

# Crusaders Post Fourth Straight Shutout

## Bill Menard Injured In Downstate Victory

ALPENA — The Holy Name Crusaders fashioned their fourth straight victory and protected their uncrossed goal line with a 20-0 triumph over Alpena Catholic Central here Saturday night, but it was an expensive ball game.

It cost Coach Bob Nystrom the services of his superb two-way performer, senior Bill Menard, who suffered a broken collar bone in the early minutes of the battle.

Menard, favorite target of quarterback Frank Trotter with four touchdown passes in the first three games, also was one of Holy Name's most valuable defensive players. It is doubtful if he will be back in action before the season ends, Nystrom stated today.

In chalking up their fourth straight triumph of the campaign the Crusaders faced their toughest competition of the season. Nystrom gave his players the day off today to recover from a rash of painful bumps and bruises.

Holy Name will return to action Friday night when they travel to Kingsford in the Upper Peninsula game of the week. Both teams are undefeated entering the contest.

Trotter figured in two of the Holy Name touchdowns and John LeHouillier scored the third.

The Crusaders lost Menard on their first defensive series of plays. Alpena punted and Holy Name made its first touchdown drive. The Crusaders worked the ball to the 29 from where Trotter passed to fullback Tom Mein to the touchdown. Trotter's placement made it 7-0.

Holy Name staged its second TD march in the second period, grinding out 50 yards with Trotter sneaking over from the one to spread the margin to 13-0.

A third period march was stymied by a penalty inside the Alpena five yard line and early in the fourth the Crusaders reached the Alpena three but stalled again.

Alpena was able to move out to their 25 and at that point LeHouillier snapped up an enemy pass and ran for daylight to make it 20-0 after Trotter's conversion.

Holy Name's all-out defensive team effort held Alpena to only one serious scoring threat. The downstater, relying heavily on an aerial attack, reached the Holy Name 30 only once in the game, although they piled up 226 yards rushing and passing.

Meinz was the big gun in the Crusader attack. He hooked up with Trotter to catch five passes and led the runners with 57 yards in 12 trips. Holy Name had 13 first downs to Alpena's 10.

The Crusaders had 186 yards rushing and 72 passing as Trotter clicked on six of 11 tosses. Following Mein in the rushing department were Bill O'Connell with 29 in nine carries, Bob Sullivan with 40 in six, Trotter with 45 in nine and Bob Brisco with 15 in five.

Nystrom, pondering on the necessary shuffle of his players with Menard but for the Kingsford game, singled out Eugene Fregetto and Bob Sullivan as defensive standouts, but gave credit for the fourth straight shutout to the entire team.

MINNESOTA VIKING fullback Bill Brown steps out against the Green Bay Packers after catching a pass from quarterback Fran Tarkenton in the first quarter of Sunday's National Football League game at Green Bay. Packers shown are Willie Wood (24) and Willie Davis (87). (AP Wirephoto)

## Northern, Tech Gridders Both Bow Over Weekend

By The Associated Press

Michigan collegiate football teams played eight out of state games over the weekend and split right down the middle, winning four and losing four.

However, two of the four Michigan victories were the big ones as The University of Michigan clouted Navy 21-0 and Michigan State upset Southern California 17-7.

Wayne State nipped John Carroll 19-14 and Northwood slipped past Defiance 24-21.

Miami of Ohio trimmed Western Michigan 35-0, Winona nipped Michigan Tech 14-12, Eastern Illinois downed Central Michigan 17-14 and St. Norbert beat Ferris State 43-7.

In strictly Michigan games, Hillsdale beat Northern Michigan 16-7, Albion trounced Adrian 36-0, Olivet nipped Alma

14-13 and Kalamazoo defeated Hope 39-6.

Wayne shattered John Carroll's 16-game winning streak by coming from behind for a touchdown with 67 seconds remaining in the game. A 36-yard pass from Dennis D'Angelo to Haywood Sharpley moved the ball to the Carroll 13 and four plays later D'Angelo plunged across for the winning tally.

Hillsdale took advantage of a fumbled punt and an intercepted pass to defeat visiting Northern. Bruce McLenna plunged in from the three after the bobble, and Larry Covey picked off a pass and raced 58 yards to score. Max Stokes added a field goal from 14 yards out. Northern quarterback Terry Nyquist threw a 40-yard completion and plunged across for the long NMU score.

St. Norbert scored twice in the last two minutes of the first half and again on the second half's opening kickoff to take their non-conference game from Ferris at Big Rapids. Art Fisher, a 160-pound game from Ferris at Big Rapids, Art Fisher, a 160-pound halfback, scored three touchdowns for the Green Knights.

Miami clambered to the top of the Mid-America Conference with its win over Western. Ernie Kellerman connected with nine of 11 passes and Joe Kozar carried for three touchdowns as the home team's defensive unit brought to 10 the total of its enemies consecutive scoreless quarters.

Previously unbeaten Central Michigan bowed to the home team in the opening of the Interstate Intercollegiate Athletic Conference. A 35-yard pass from Pat Boyd to Dick Smith and a plunge by Smith gave Central a 14-0 lead in the final period. But Eastern Illinois snapped back with two touchdowns and a safety to win the game.

The Huskies of Michigan Tech had a bad night. They missed two vital extra points, lost three passes in Winona interceptions, and set their visitors up for a winning two points through pass interference. Ron Matic and Tom Csmarich scored for Tech, but attempted pass conversions failed both times.

Albion carried on a 15-year tradition by whipping its fellow Methodists from Adrian. Albion halfback Russ Wallis ran for 113 yards and scored two touchdowns, and quarterback Dave Neilson added another one with a 31-yard pass. Adrian pushed Albion's reserves to their own nine in the fourth quarter, but lost the ball on a pass interception.

Halfback Lynn Sommerfeld ran for three Northwest touchdowns as the Midland squad squeaked past visiting Defiance. The Ohioans got two of their scores on passes from George Smart to Don Cathey. Olivet lost the battle of statistics, but converted a fourth quarter pass interception into a game-winning eight points. Irv Sigler plunged in for six and added a vital two more with a pass conversion to Dom Livodoti. Alma's two touchdowns came on spectacular runs of 14 yards by John Milks and 52 yards by Bruce Haines.

Bob Sibilsky ran a punt back 80 yards and Mike Saxdy trotted 49 yards with an intercepted pass to score two of Kalamazoo's six touchdowns. The lone touchdown by visiting Hope came on a one-yard plunge by Keith Abel.

As a result of races like the Harness Tracks of America championship series, the American-National Maturities and the Realization stakes, 4-year-olds moved onto a virtual level with 3-year-olds in 1963.

## Eagles Nip Braves With Extra Point

STEPHENSON — Coach Ken Hofer's Stephenson Eagles, who lost their season opener to Manistiquie by the margin of an extra point, won one here Saturday night from Gladstone by the same spread.

Stephenson nipped the Braves 13-12 in a Great Lakes Conference battle played in a strong wind.

It took a fourth quarter comeback under adverse conditions before the Eagles were able to snare their second victory in four starts.

Coach Don Pfotenbauer's Braves jumped out to a 6-0 lead in the second quarter after the teams had slugged it out in a scoreless first period.

Tom Stade, hopped on a Stephenson fumble near mid-field and the Braves were on the march. Racing against the clock, the Braves hit paydirt

when Mark Goodman hit Mike Gobert with a 10 yard scoring pass with 10 seconds remaining in the first half. The Braves elected to kick with the wind for the extra point but missed it.

In the third quarter the Eagles drove 40 yards with Paul Dougovito shaking loose for the final 20 to penetrate Gladstone's end zone. Jerry Lutri split the posts with the conversion and Stephenson led 7-6.

Late in the third period the Braves' defense forced Stephenson to punt, but a high pass from center got away from the kicker and Brian Martin and Jay Knutsen covered the ball on the Stephenson 10 yard line.

Gobert got a perfect block from Bruce Hardwick on Dougovito and peeled off the 10 yards for his second touchdown of the game. The Braves decided to run for the point and Martin's plunge was a foot short. That left Gladstone with a 12-7 lead.

Stephenson drove 55 yards for the deciding touchdown in the fourth quarter. Already hurting with the loss of Tom Raboine with a broken leg in last week's game against Escanaba and flanker back Dayne Douville with a broken leg in practice, the Eagles received another severe setback when fullback Dave Destrach suffered a broken wrist in the fourth quarter drive.

But substitute back Dennis Bowers, switched from his regular guard position for this game, came through with a 10 yard run for the winning touchdown to make the final score 13-12.

Stephenson had seven first downs, Gladstone six.

Gobert was Gladstone's leading runner with 53 yards, followed by Knutsen with 45, Martin and Hardwick six each.

Hardwick turned in a brilliant defensive game with 17 tackles for the Braves while Bill Potvin and Steve Erickson shared 25. Bruce Heslip turned in an outstanding game in the line.

The Braves will return to action at Marquette Baraga Saturday.

## Mickey Busy In TV Game

Mickey Moses, former outstanding Escanaba High school athlete, had a busy day for the Iowa Hawkeyes in their 28-18 victory over 10th ranked Washington on national television Saturday afternoon.

Moses handled Iowa's punts and kickoffs and took over the quarterback chores for star Gary Snook in the final minute of action. Moses averaged 36 yards on three punts.

## Giants, Bears Bow; Champions Last This Year

By The Associated Press

Turn the National Football League standings upside down and they'd make a bit more sense—at least to George Halas and Allie Sherman.

Last December Sherman's New York Giants and Halas' Chicago Bears emerged on top of the NFL's Eastern and Western Division races. The only way you can get them up there today is by flipping those standings.

The Bears languish unceremoniously in the Western Division cellar and New York isn't far out of the Eastern basement following losses Sunday. San Francisco's 49ers, tailenders a year ago, surprised the Bears 31-21 and the Detroit Lions battered the Giants 26-3.

Elsewhere in the NFL, Baltimore ripped Los Angeles 35-20, Cleveland humbled Dallas 27-6, St. Louis whipped Washington 23-17, Philadelphia downed Pittsburgh 21-7 and Minnesota nipped Green Bay 24-23.

John Brodie flipped three touchdown passes as the 49ers, who equaled last year's winning total with their second victory, jumped out to a 17-point lead. Billy Wade, with three TD flips of his own, led a late Bear surge but it was too little too late.

The loss was the third in four starts for Chicago. The Giants have the same record in the East and only winless Washington is keeping New York out of the cellar.

The Lions thrashed New York with a 19-point second period and throttled Y. A. Tittle's offense all day. The Giants reached Detroit territory only twice in the first half.

Earl Morrall started the Lion romp when, after lining up his club for a field goal attempt and setting himself to take the centering pass, he suddenly jumped up and lofted a 23-yard scoring pitch to Nick Ryder. The Giants never recovered.

The Colts took over the Western Division lead after getting a scare from the surprising Rams. Los Angeles held a 13-7 halftime margin before Johnny Unitas began bombing. Unitas connected on three scoring pitches with Jimmy Orr clicking for 43, 35, and 46 yards. Lennie Moore scored twice for the Colts.

The Cardinal line swarmed all over Sonny Jurgensen and George Izo as Washington lost its fourth straight. St. Louis held the Skins to a net gain of eight yards in the first half, throwing Jurgensen for losses eight times.

The victory kept St. Louis deadlocked for the Eastern lead with Cleveland which routed Dallas behind Frank Ryan's passing.

## Fight Results

By The Associated Press

GENOA, Italy—Sandro Mazzinghi, 153½, Italy, knocked out Tony Montana, 156½, Phoenix, Ariz., 12. Mazzinghi retained his world junior middleweight championship.

## Notre Dame Era Of Ara Begins With Two Wins

By The Associated Press

The era of Ara began in an aura of promise at Notre Dame. Now senior John Huarte — minus a monogram — is stirring memories of the glory days.

When spring practice ended, Coach Ara Parseghian listed quarterback as his big question mark. Suddenly Huarte has a vise-grip on the throttle and has steered two straight victories, including a 34-15 triumph over Purdue Saturday.

Next: Defensive-minded Air Force.

Kentucky, which toppled Mississippi from top ranking, shocked seventh-place Auburn 20-0 Saturday.

Tailback Ernie Koy ran and kicked Texas' No. 1 Longhorns to a 14th straight victory over Army 17-6 scoring both come from — behind fourth quarter touchdowns himself.

Yale romped to an unprecedented 600th triumph, 54-0 at Lehigh's expense.

Back at the upset factory, once-beaten Michigan State, accused of being greener than the school color, bowled over second-ranked Southern California 17-7. Michigan, voted eighth, put the clamps on hobbled Roger Staubach and whipped sixth-ranked Navy 21-0.

That sets up this Saturday's interstate Wolverines-Spartans classic at East Lansing. Other eye-brow raisers included Oklahoma State beating Missouri 10-7 and Wyoming rocking Kansas 17-14.

Ohio State and Illinois, both unbeaten, may decide the eventual Big Ten winner when they collide at Urbana Saturday.

The Buckeyes switched to "three yards and a cloud of passes", completing 15 of 23 tosses for 164 yards and a score

## Name Rodman Softball Head

Bill Rodman was elected president of the Escanaba Softball Association at the annual banquet at Carpenters Hall Saturday night.

Rodman, who served as vice president this year, succeeds Bill Lancour who headed the association the past two seasons.

Other officers named at the annual fall meeting were Clarence Konas, vice president, and Bob Corriveau, secretary-treasurer. Bud Kennally and Ray Crandall were renamed to the board of directors for three year terms. They join Boots Boucher, Denny Moreau and Jack Hervey on the board.

Lancour was presented with a lifetime softball pass in appreciation for his service to the association.

The treasurer's report revealed a balance of \$500 to start the 1965 season. Receiving trophies were Hall Insurance, National division City Tournament; Skinny's, National division league; Mead No. 1, American division City Tournament, and Hamms-Merchants, league champion.

## Eskymo Runner GLC Champion

MARQUETTE — Gary Vandeville, Escanaba junior running in cross country for the first year, won the individual championship in the Great Lakes Conference cross country meet here Saturday.

Vandeville toured the two mile course at the Marquette Country Club in the fine time of 10 minutes, 37.9 second to edge runnerup Bruce Ellison of Gladstone at the finish.

In the team standings, Ishpeming won with 42 points while Escanaba was second with 53, followed by Soo, Gladstone, Munising, Newberry and Marquette.

As this was the GLC's first cross country meet, Vandeville's time will stand as a record. The meet drew 60 runners from seven conference schools. Other Eskymo runners and their place of finish were Tom Duchaine sixth, Ray Anderson 14th, Bob Swenson 15th, Rodney Beauchamp 17, and John Vandeville 25th. Gladstone's Carl Norkoli finished seventh.

Of 27 races worth \$50,000 or more in harness racing in 1963, eight were for 3-year-olds, seven for 4-year-olds and 11 open to older horses. Only one of the 27 events was for 2-year-olds.

## Soo Loretto Gets Shutout Over Engadine

ENGADINE — Soo Loretto captured its third victory in four starts Saturday, blanking the Engadine Eagles 32-0 in Eastern Little Seven Conference action.

Jim Spuhler scored touchdowns on runs of 20 and 32 yards to give Soo Loretto a 12-6 lead at the half. Sipniewski scored twice in the third period and Scott Baker closed the point production in the fourth.

Steve McGuire, Marv Germain and Deryl Miller were commended by Coach Rod Carleton of Engadine for their performances against the bigger Soo squad.

# MANISTIQUE

## Road Foreman Loses His Arm

Rudolph Nieman of Appleton, Wis. foreman for the road construction gravel project at Stony Cut Hill on M-94, lost his right arm in an accident about 8:30 a.m., Saturday. He was taken to Schoolcraft Memorial Hospital for surgery following the accident. The arm apparently became caught in machinery and was pulled off, State Police reported.

Nieman, 37, was using a stick to put tar on an end roller to prevent slipping. The stick caught in the roller and pulled his arm into the belt and roller. Nieman was thrown to the ground, landing on his head on a gasoline can. The right arm was severed above the elbow and he suffered a deep head cut. He is foreman for the Midway Sand and Gravel Co. of Appleton which has a stone crushing project four miles north of Manistique on M94.

## Hospital

Admitted to Schoolcraft Memorial Hospital were Brenda Rosenthal, Engadine; Mary Williams, Germfask; Dennis Cotty, Ashland, Wis.; and Catherine Shay, Germfask.

Discharged were Mary Williams, Mary Gierke, George Schweikert, Emery Bigger, Veronica DeRousha, Dale Greenwald, James Jackson, Brenda Rosenthal, Sandra Price, Paul Sobieski and William Tiglias.

## City Briefs

Mr. and Mrs. Clarence McNamara left Sunday for a two-week visit in Colorado with her sister, and in Los Angeles, Calif., where they will join the Victor Schusters. The couples will return together.

## Fire Damages Garden Corners Bar Saturday

Fire of unknown origin caused extensive damage to the roof, ceiling and one wall of the Garden Corners Bar at 10 p.m., Saturday.

The blaze, starting in the ceiling near a fireplace, was extinguished by the Garden fire department and numerous volunteers.

About a dozen persons were in the bar operated by Mr. and Mrs. Louis Guertin when smoke was noticed in the fireplace area. At first it was believed the fireplace had back-fired. When smoke was observed coming from walls near the fireplace, an outside check revealed the roof was in flames. The building was evacuated and volunteers worked until 11:30 p.m. to bring the fire under control.

## Democrats Hold Rally Wednesday

A Hiawatha Township Democratic rally is scheduled at 8 p.m., Wednesday in the Sportsman's Club. Speakers will be Raymond J. Cleveland, candidate for 11th district Congressman and Einar Erlandsen, candidate for state representative from the 107th district. Democratic candidates and Hiawatha Township candidates will host the rally.

# Michigan Milk Sells 2 Plants To Bancroft Co.

Michigan Milk Producers Association has sold two fluid milk bottling operations in the Upper Peninsula to Bancroft Dairy of Marquette.

The operations are Producers Dairy of Menominee, and the bottling division of the Vacationland Dairy plant in Crystal Falls. The sale was effective Oct. 1.

Bancroft Dairy, an MMPA customer for many years, will take over the entire Producers Dairy operation, including all property and equipment, but has purchased only the fluid milk business and retail trucks of the Vacationland division. The plant and equipment of this division, which also makes cheese, will be retained by the Association.

Sale of the fluid operations was recommended by the Upper Peninsula Operating Department (UPOD) Advisory Committee and approved by the state board of directors as a move to improve the efficiency of Upper Peninsula operations. Both bottling operations were relatively small, and the Advisory Committee felt they would either have to be expanded to handle a profitable volume, or be sold.

The decision to sell them was in line with MMPA policy established a year ago when the Dairyland bottling division at Carson City, Mich., was sold to Willson Dairy. That sale was based on the board's conviction that it was in the best interests of the co-op's members for MMPA to specialize in supplying raw milk to dairies, and in providing a market for members' surplus milk.

Producers Dairy and Vacationland were acquired by MMPA as part of a history-making purchase of five plants two years ago in a move to protect the markets of U.P. members. The other plants were the Cloverleaf Co-op Cheese Co. at Daggett; Rapid River Cheese Co-op at Rapid River; and Ewen Farmers Produce Co. at Ewen.

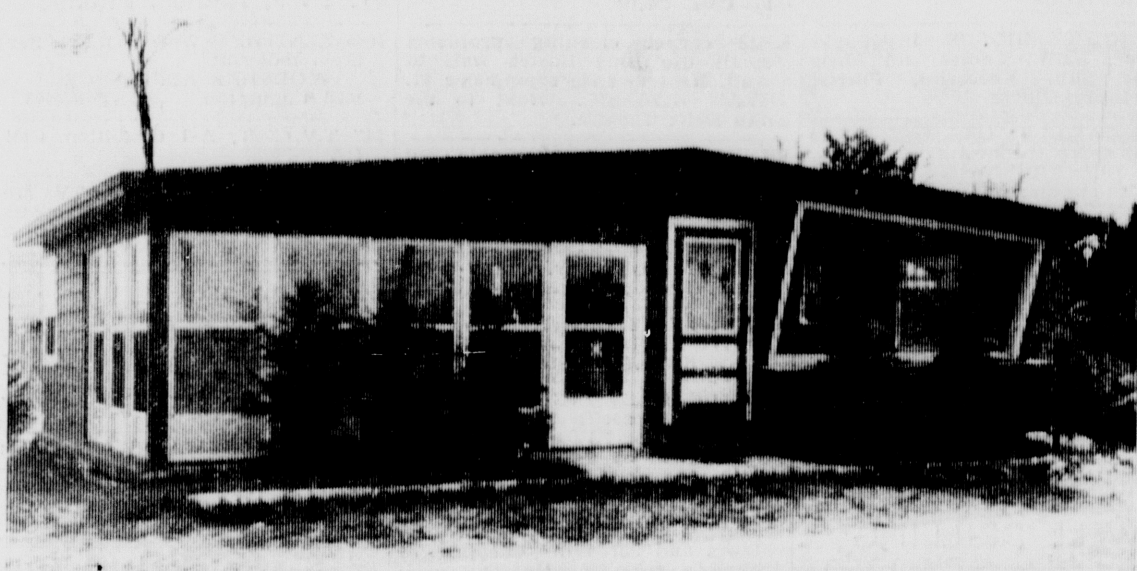

Purchase of these plants was the first stage of the Association program to assure U.P. members a stable, year-round market for milk. Sale of the bottling operations signals the beginning of the second stage, in which the major effort will be to consolidate operations to increase efficiency.

The first step in this consolidation took place Sept. 16 when the Daggett cheese plant was closed and the milk from there was transferred to Vacationland at Crystal Falls. Further consolidation of supplies is being considered and may take place in the near future.

"We recognize that many producers don't like to see their local plant closed," said Bernard Doll, chairman of the U.P. Operating Advisory Committee, "but it is a move that must be made if we are to fulfill our pledge to preserve and improve our markets."

"One of the big problems in the Upper Peninsula dairy industry, and the plants we purchased in 1962, is lack of sufficient milk to operate efficiently," Doll said. "Consolidation of supplies and operations at the Vacationland plant will enable us to use better equipment and better methods at lower cost."

Vacationland now makes Italian-type cheese. As soon as necessary plant changes and improvements can be made, it will also begin making cheddar cheese.

GUSTAFSON OIL CO. has moved into new office facilities at Rapid River. The office is located in the State Wide real estate building on U.S. 2. Rapid River serves as a central location for the office which has a personnel of three: district sales manager Walter Diesing of Escanaba; and office staff, Mrs. Albert Tibergien and Mrs. Douglas Madden, both of Gladstone. The company began operation at the Rapid River site in the spring of this year. Oil storage tanks and other facilities were purchased from the former U.P. Oil Co.

## Duck Prospect Thursday Good

The duck hunt starts Thursday and the outlook is good. There had been some fears that the goose hunt, which started last Thursday, would cause shooting that would empty Portage Marsh of its duck population, but Joseph Vogt, Conservation department game biologist, says it hasn't happened yet.

There has been some migration of ducks, he said, the locally bred blue wing teal are gone, and many of the local green wing teal with them, but some greenies are down from the north and there are goodly numbers of flight blue-

bills in the refuge on Little Bay de Noc here and about French's Island to the south in Green Bay.

Vogt had good word for any duck hunter concerned about food safety. He said that the loon dieoff had caused some hunter worry about ducks, but that he had been assured by Dr. Dale Fay, Conservation Department game pathologist at East Lansing, that thorough cooking of game destroys both the bacteria and toxin of botulism.

Vogt said that patrols of 26 miles of Delta County beaches on Lake Michigan waters had counted carcasses of 422 dead loons. The Conservation Department's gas pathology laboratory has confirmed Type "E" botulism in some of the birds sent in for examination. This is not the more familiar Type "C" (avian) botulism found earlier in ducks in Saginaw Bay and is the first confirmed finding of this type in waterfowl on Lake Michigan.

Vogt found the carcasses of 79 loons on the beach of Sand Bay on the east side of Stonington. They drifted ashore about noon Oct. 3.

## Flight Captain And Wife Perish In Mystery Fire

STOCKBRIDGE (AP) — The cause of a farmhouse fire in which an American Airlines flight captain and his wife died Saturday night likely will remain forever a mystery.

Capt. Edgar Saferite, 46, and his wife, Mary, 43, perished in a blaze that leveled their two-story frame home seven miles northwest of here.

State police and firemen reported today there was little chance of learning the cause. The house collapsed into the basement. The bodies of Capt. Saferite and his wife were found under a charred bed spring in the basement.

The home, from where Saferite worked as a "gentleman farmer" on 160 acres while off duty from American Airlines, was a total loss.

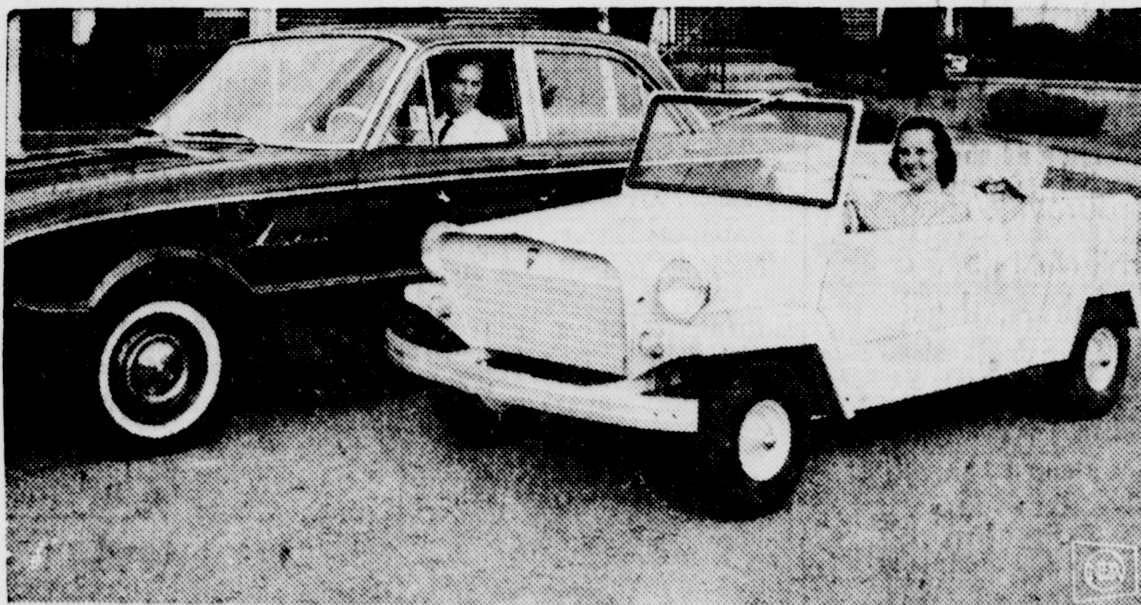

## Obituary

**JOSEPH STOYKOVICH**

Funeral services for Joseph Stoykovich were held at 10 a. m., Saturday at St. Anthony's Church, Wells, with Fr. Norbert Freiburger officiating. Burial was in Holy Cross Cemetery. Pallbearers were Frank Hayson, Gilbert Pilon, Joseph Gardner, Steve Sabor and Albert and Louis Anderson.

## Unusual Car, Unusual Firm

Don't worry, Detroit. The King Midget will never be a competitor. The manufacturer wants it that way. This midget, equipped with a 10-horsepower engine and automatic transmission, is turned out at a rate of five a day by a small crew in a tiny plant at Athens, Ohio. The firm's president has a philosophy sure to make Detroit automaker's eyes bug with astonishment: "Dealers pester us for cars," he says, "and we don't like to be pestered." The firm also has in mind a small super motor scooter. Parts have been built but employees haven't had a chance to assemble them as yet.

A REAL MIDGET—Even a Falcon appears large when parked next to the King Midget. The car is not quite 10 feet long. The price? Just \$995.

THE CORPORATION—Practically the total working force of Midget Motors Corp., Athens, Ohio, can squeeze on the chassis of the tiny auto they make.

## Hecklers Get Busy In Britain

LONDON (AP)—The British election campaign has begun to liven up the last few days. Heckling is again in flower, but to oldtimers things still aren't what they used to be. They used to throw eggs and tomatoes.

Sir Alec Douglas-Home, the Conservative party prime minister who is leading his party into the Oct. 15 election, faced hecklers at almost every stop during a tour of northwest London.

George Brown, Labor's deputy leader, had a rough time from youngsters in Northamptonshire.

Reginald Maudling, chancellor of the exchequer, was bombarded with modeling clay.

Yet it's a far cry from the elections in Charles Dickens' day in the last half of the 19th century. At rallies in those days 250 or more demonstrators would be arrested at one time.

Lt. Col. Sir Thomas Moore, Conservative who gained his first election to Parliament in 1924, recalls he held 36 meetings in a fortnight, and half of them ended in a free-for-all.

"Things have quieted down a lot in the last few years, except in some of the more difficult seats," he says. "You should never lose your temper with hecklers and always make it appear you take the question seriously."

## Editors To Scan Warren Report's News Criticism

WASHINGTON (AP) — The American Society of Newspaper Editors has set Oct. 17 for a conference of news media representatives to discuss criticism in the Warren Commission report of news coverage of the assassination of President John F. Kennedy.

The report was particularly critical of the confusion in the basement of the Dallas City Hall during which Lee Harvey Oswald was shot by Jack Ruby.

## Briefly Told

**John Kleiman**, son of Mr. and Mrs. Ernest Kleiman, 614 S. 20th St., an Escanaba Area High School senior and president of the Orange and Black, returned by air Sunday from a Hi-Y conference at East Lansing representing EAHS. He went down Saturday.

# Queen Elizabeth Visiting Canada

CHARLOTTETOWN, P.E.I. (AP) — Queen Elizabeth II arrives today to begin an 8-day Canadian visit that has sparked threats from French-speaking separatists in Quebec and pledges of loyalty in this maritime province.

The queen and her husband, the Duke of Edinburgh, were scheduled to land at the huge Royal Canadian Air Force base at Summerside.

After a brief ceremonial greeting by Prime Minister Lester B. Pearson, the royal party was to board the yacht Britannia for an overnight trip to Charlottetown, 45 miles away.

Prince Edward Island's capital, a city of 20,000, promised a warm welcome. Extensive security precautions were being taken, but officials said they did not anticipate trouble.

Charlottetown's mayor, Walthen Gaudet, angrily told newsmen that the citizens are getting "damned annoyed" at suggestions that the situation which prevails in Quebec is also a problem here.

He said he was constantly hearing speculation that something awful is going to happen to the queen here.

"We are loyal and we find it difficult to understand such an idea," he said.

Provincial Premier Walter Shaw also minimized the possibility of trouble.

Some public officials are concerned that the threats of separatist demonstrations in Quebec and the emphasis on security measures will obscure the purpose of the royal visit, which is to commemorate the 100th anniversary of the first conference on Canadian confederation.

The queen goes to Quebec after two days here.

Headlines and editorials in the

British press stressed the fear that militant French Canadians might demonstrate to press their demand for a separate state. With President John F. Kennedy's assassination still in mind, security arrangements were reported the most stringent ever to surround the queen.

Elizabeth was reported unperturbed.

AIRMAN JUDY L. Paulson, a member of the Women in the Air Force, has completed Air Force basic military training at Lackland AFB, Tex. She is the daughter of Mr. and Mrs. Paul D. Paulson of 410 S. 17th St., Escanaba and is being assigned to a Military Air Transport Service unit at Travis AFB, Calif., for training and duty as a transportation specialist. She is a 1964 graduate of Escanaba Area High School.

## Tame White Duck Shot And Killed By Hunter, 76

Edward Fillion, 76, of Schaffer, was arraigned before Municipal Judge James Fitzharris today on the conservation charge of using a .22 caliber rifle in hunting migratory game birds.

Fillion entered a plea of guilty and was fined \$10 and court costs of \$7.30. The fine was suspended by the court.

Fillion also made restitution of \$10 to August Schultz of Schaffer for a large white Peking duck that Fillion had shot. Conservation Officer Hugh Fisher, called to the Schultz farm on Saturday to investigate the shooting, said Fillion was driving along the highway northwest of Schaffer when he spotted a number of geese about to land in a small pond on the Schultz farm. The pond is surrounded by a six foot chicken wire fence. Fillion made his way through the brush to the fence, stuck the rifle barrel through the fence and fired eight shots, killing the large tame duck. There were a number of wild ducks on the pond. The wild geese flew away when the shooting started.

Schultz has a breeders license issued by the Conservation Department on an annual basis, and has many species of ducks, geese, and pheasant on the farm. When these species leave the area of the farm property they become the property of the state and can be taken by hunters during the open seasons.

Perry St. Cyr, arraigned Sept. 28, in Municipal Court in Escanaba on the charge of making use of an artificial light in attempting to hunt deer, entered a plea of not guilty and requested hearing.

He was found not guilty by Judge Fitzharris when the case was heard at 10 a.m. Saturday. St. Cyr was in company with three other persons who were arrested on the same charge and after entering pleas of guilty were fined \$25 and \$7.30 costs on Sept. 28.

## Way Is Paved To End Strike Of 280,000

(Continued from Page 1)

the 11-day walkout "they will realize the value of the strike."

Meanwhile, in one of the first local votes on the Chrysler agreement, Dodge Local 3 voted Sunday to reject the proposed contract. Reuther said fewer than five per cent of the local's membership attended, and he indicated a new meeting would be called.

## Onions Dodged; Escaper Caught

JACKSON (AP)—State police dodged crates of onions in recapturing Robert Gorman, 21, in flight from a Southern Michigan prison farm today.

Gorman stole a prison truck loaded with the onions and, by swerving the truck, shook off some of the crates in trying to obstruct the police pursuit. But he failed. He was caught. He is serving four to 15 years from Shiawassee County for breaking and entering.

## In Service

**Robert J. Johnson**, 26, son of Mr. and Mrs. Louis W. Johnson, Escanaba Rte. 1, was promoted to specialist four Sept. 16 while serving with the 37th Artillery in Germany.

Johnson is an ammunition specialist. He entered the Army in April 1963, completed basic training at Fort Leonard Wood, Mo., and was stationed at Fort Sill, Okla., before arriving overseas the following September.

He was graduated in 1957 from Escanaba High School. Before entering the Army, he was employed by the Atlantic and Pacific Tea Co.

**Specialist Four Donald B. Anderson**, son of Mr. and Mrs. Bertil C. Anderson, 1114 11th Ave., and other members of the Seventh U. S. Army participated in an eight-day NATO directed and controlled training exercise in Germany, ending Sept. 28.

The 25-year-old soldier, a clerk in the 182d Ordnance Company near Hanau, Germany, entered the Army in January 1962 and completed basic training at Fort Leonard Wood, Mo. He was graduated from Escanaba High School in 1956 and attended Ferris Institute, Big Rapids.

## Senate Leaders Takes Dim View Of Summity

WASHINGTON (AP) — President Johnson expects to meet fairly soon with Soviet Premier Khrushchev, but his top lieutenant in the Senate takes a dim view of summity.

Some spadework is necessary before such a confrontation "would have significance," Sen. Mike Mansfield of Montana said Sunday night on Radio Press International's "From the People."

Work on the ambassador level should precede any summit meeting, the Senate Democratic leader said, "to see what can be done in the way of an accommodation — if there is a possibility of really doing something which will be beneficial."

## Drake Head Dies

DES MOINES, Iowa (AP) — Dr. Henry G. Harmon, 63, president of Drake University since 1941, died today of an apparent heart attack.
